MANAGEMENT OF FUNDS

The superintendent or superintendent's designee is responsible for administering the division budget in accordance with Board policies and applicable state and federal regulations and laws. The superintendent or superintendent's designee uses appropriate fiscal planning and management methods, modeled after the best accepted business practices and directed toward the educational goals of the division.

If the appropriating body appropriates funds to the School Board by total expenditures, funds may be transferred by the School Board from one category to another. If funds are appropriated to the School Board by major classifications, no funds are expended by the School Board except in accordance with such classifications without the consent of the body appropriating the funds.

The superintendent may be authorized by the School Board to make line item transfers within a category.

The School Board manages and controls the funds made available to it for the public schools and incurs costs and expenses.

ANNUAL BUDGET

The annual school budget is the financial outline of the division's education program. It presents a proposed plan of expenditures and the expected means of financing those expenditures. After adoption, it provides the primary means of managing expenditures.

The fiscal year begins on the first day of July and ends on the thirtieth day of the following June.

The superintendent prepares, with the approval of the School Board, and submits to the appropriating body, an estimate of the amount of money needed during the next fiscal year for the support of the public schools of the school division. The estimate sets up the amount of money needed for each major classification prescribed by the Board of Education and such other headings or items as may be necessary.

The superintendent or superintendent's designee prepares a budget calendar identifying all deadlines for the annual budgetary process. The calendar includes at least one work session for reviewing the budget and at least one public hearing on the budget. Notice of the time and place for the public hearing is published at least ten days in advance, in a newspaper having general circulation within the school division.

Upon approval of the school division's budget by the appropriating body, the school division publishes the approved budget in line item form, including the estimated required local match, on its website and the document is also made available in hard copy as needed to citizens for inspection.

SCHOOL ACTIVITY FUNDS

All funds derived from extracurricular school activities, including, but not limited to, entertainment, athletic contests, facilities fees, club dues, vending machine proceeds that are not deposited in the school nutrition program account, and from any and all activities of the school involving personnel, students, or property are considered school activity funds.

Each school shall keep an accurate record of all receipts and disbursements of school activity funds so that a clear and concise statement of the condition of each fund may be determined at all times. It is the duty of each principal¹ to see that such records are maintained in accordance with regulations of the Virginia Board of Education and the Mecklenburg County School Board. The principal shall be bonded, and the school board shall prescribe, by regulation, rules governing such bonds for employees who are responsible for school activity funds.

At least once a year, a duly qualified accountant, accounting firm, or internal auditor shall perform an audit, examination, or review of school activity funds to ensure funds are being managed in accordance with this policy and all funds are properly accounted for. The type of engagement (audit, examination, or review) and the accountant, accounting firm, or internal auditor, shall be approved by the School Board. A copy of the report resulting from the audit, examination, or review (and the completed corrective action plan, if suggestions for improvement are made) shall be reviewed by the superintendent and the School Board, and filed in the office of the clerk of the School Board, the superintendent, and the principal. The cost of such an audit, examination or review may be paid from the school operating fund or school activity funds. Monthly reports of such funds shall be prepared by the principal¹ and filed in the principal's office.

FUNDS FOR INSTRUCTIONAL MATERIALS AND OFFICE SUPPLIES

The School Board may, by resolution and subject to the approval of the appropriating body, establish accounts in each of its departments and schools committed solely for the purchase of instructional materials and office supplies. The School Board may authorize the transfer of a percentage of the funds budgeted for a school or division department, not to exceed thirty-five percent of the allocation, into the account.

The account shall be managed by the principal of the school or head of the division department who shall file a monthly accounting of the funds with the superintendent. No additional funds shall be transferred into any such account unless the monthly accounting has been filed. The funds in the account may be disbursed for payment of obligations by issuing a negotiable check signed by the principal or head of the division department, and a second person designated by the School Board. At the close of the fiscal year, all funds remaining in the accounts shall be returned to the School Board simultaneously with a full accounting of the disbursements. All such accounts shall be subject to an annual audit as prescribed by Va. Code § 15.2-2511 and to relevant provisions of the Virginia Public Procurement Act.

SMALL PURCHASING

Pursuant to written procedures not requiring competitive sealed bids or competitive negotiation, the School Board may enter into single or term contracts for goods and services other than professional services if the aggregate or the sum of all phases is not expected to exceed \$100,000; however, such small purchase procedures shall provide for competition wherever practicable. Such small purchase procedures may allow for single or term contracts for professional services without requiring competitive negotiation, provided the aggregate or the sum of all phases is not expected to exceed \$60,000.

Legal Refs.: Code of Virginia, 1950, as amended, §§ 2.2-4303, 22.1-68, 22.1-78.

Procedures

The Superintendent is responsible for administering and maintaining a centralized purchasing system and an accounting for school funds. She/he shall direct a system of purchasing that will ensure that the school system makes the most effective and efficient use of school funds. Delegation of authority for purchasing shall be in writing or in a job description.

Purchases shall be determined upon need and whether or not funds are available in the budget. Every purchase shall require a purchase order approved by the appropriate administrator, except for the payments for utilities, insurance, insurance credits, debt service, and travel and tuition reimbursements. Budget holders may use purchase orders for those items if they wish. No invoices will be honored unless the proper purchasing procedures have been followed.

Unauthorized Purchases

Except as provided in School Board policies and/or Division regulations, no employee shall purchase or contract for any goods, services, insurance or construction within the purview of this policy other than by and through the purchasing authority, and any purchase order or contract made contrary to the provisions hereof is not approved and the School Board shall not be bound thereby.

Emergency/Small/Sole Source Purchases

A. Emergency Purchases

An emergency shall be deemed to exist when a breakdown in machinery or equipment and/or a threatened termination of essential services or a dangerous condition develops, or when any unforeseen circumstances arise causing curtailment or diminution of an essential service or where materials or services are needed to prevent loss of life or property.

In case of emergency, as directed by the Superintendent, a contract may be awarded without competitive sealed bidding or competitive negotiation; however, such procurement shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency and for the selection of the particular contractor shall be submitted to the School Board at its next regularly scheduled meeting.

B. Small Purchases

The competitive bidding (or competitive negotiations) requirements do not apply to purchase of goods, services other than professional services, insurance or construction single or term contracts, the cost of which is in the aggregate or the sum of all phases is not expected to exceed \$99,999 and that are not otherwise exempt from competitive sealed bidding or competitive negotiations.

1.) Purchases and contracts of \$2,500 to \$7,499:

- a. Program directors/principals must obtain telephone or catalog quotes from a minimum of three (3) vendors.
- b. Program directors/principals must prepare purchase orders to vendors who are the lowest responsible bidder and submit to the Director of Finance.
- c. Program directors/principal must submit the procurement form with the three quotes/bids to the Finance Department for approval prior to the purchase order being generated.

2.) Purchases and contracts of \$7,500 to \$29,999:

- a. Program directors/principals must request written quotations from a minimum of three (3) vendors. These written quotations may be received via fax or electronic mail with receipt confirmations.
- b. Program directors/principals must prepare purchase orders to vendors who are the lowest responsible bidder and submit to the Director of Finance.
- c. Program directors/principal must submit the procurement form with the three written quotes/bids to the Finance Department for approval prior to the purchase order being generated.
- d. The chair of the finance committee will receive an email prior to making any purchases.

3.) Purchases and contracts of \$30,000 to \$100,000:

- a. Program directors/principals request written quotations from a minimum of four (4) vendors or offerors.
- b. Program directors/principals prepare purchase orders to vendors with lowest prices.
- c. Program directors/principals must submit the procurement form with the four written quotations to the Finance Department prior to the purchase order being generated.
- d. All bids awarded between \$30,000 and \$99,999 shall be reported to the school board prior to

making any purchases.

4.) All purchases and contracts that may cost \$100,000 or more must be reviewed with the Director of Finance before the submission of the requisite purchase order. In accordance with the Virginia Public Procurement Act, sealed competitive bids or proposals are required for all of these purchases.

However, such small purchase procedures shall provide for competition wherever practicable. Program directors/principals are responsible for following all written regulations governing purchases of \$2,500 to \$7,499, \$10,000 to \$29,999 and \$30,000 , \$40,000 to \$100,000; certifying that accounting classifications have sufficient funds to fund purchases; and submitting copies of all information related to formal purchasing procedures to the Director of Finance.

The acquisition of professional services, the estimated cost which is less than \$60,000, may, at the discretion of the superintendent, or his/her designee, be on the basis of "Open Market" or informal bid procedures under which the requirement for an advertised invitation to bid need not be observed. When practical and possible the following guidelines are to be followed:

1.) Professional services of \$2,500 to \$7,499:

- a. Program directors/principals must obtain telephone or catalog quotes from a minimum of three (3) vendors.
- b. Program directors/principals must prepare purchase orders to vendors who are the lowest responsible bidder and submit to the Director of Finance.

- c. Program directors/principal must submit the procurement form with the three written quotes/bids to the Finance Department for approval prior to the purchase order being generated.
- e. The chair of the finance committee will receive an email prior to making any purchases.

3.) Professional Services of \$30,000 to \$60,000:

- a. Program directors/principals must request written quotations from a minimum of three (3) vendors. These written quotations may be received via fax or electronic mail with receipt confirmations.
- b. Program directors/principals must prepare purchase orders to vendors who are the lowest responsible bidder and submit to the Director of Finance.
- c. Program directors/principal must submit the procurement form with the three written quotes/bids to the Finance Department for approval prior to the purchase order being generated.
- d. All bids awarded between \$30,000 and \$99,999 shall be reported to the school board prior to making any purchases.

Any professional service above \$60,000 requires the use of an RFP or RFB for procurement to be approved by the board.

C. Sole Source Purchases

Upon determination in writing that there is only one source practicably available for that which is to be procured, a contract may be negotiated and awarded to that source without competitive sealed bidding or competitive negotiation. The writing shall document the basis for this determination. This documentation shall be submitted to the Director of Finance.

It is the policy of this Board that all procurement procedures shall be in compliance with the Public Procurement Act. Such procedures shall include, but not be limited to the following categories:

- A. competitive negotiations
- B. professional services
- C. competitive sealed bidding

PURCHASING AUTHORITY

The superintendent with the School Board's formal approval may designate a qualified employee to serve as the purchasing agent for the Board. In this capacity, the agent for the Board may purchase or contract for all supplies, materials, equipment, and contractual services required by the school division subject to federal and state laws and regulations and School Board policies. All purchases made by the school division will be in accordance with the Virginia Public Procurement Act.

All personnel in the division who desire to purchase equipment and supplies shall follow the established procurement procedures within their departments or schools for the issuance of a requisition or purchase order. All purchase orders must be forwarded to the superintendent or superintendent's designee for approval and processing.

Internal Controls

The superintendent, or superintendent's designee, establishes appropriate procedures for internal accounting controls.

Purchasing and Contracting

Mecklenburg County School Board encourages full and open competition whenever practicable among potential contractors and suppliers by competitive bidding practices; to centralize purchasing and contracting within the school division to realize the economies resulting therefrom; and to seek maximum educational value for every dollar expended.

Certification Regarding Sex Offenses

As a condition of awarding a contract for the provision of services that require the contractor or his employees to have direct contact with students on school property during regular school hours or during school-sponsored activities, the school board requires the contractor to provide certification that all persons who will provide such services have not been convicted of a felony or any offense involving the sexual molestation or physical or sexual abuse or rape of a child.

This requirement does not apply to a contractor or his employees providing services to the school division in an emergency or exceptional situation, such as when student health or safety is endangered or when repairs are needed on an urgent basis to ensure that school facilities are safe and habitable, when it is reasonably anticipated that the contractor or his employees will have no direct contact with students.

Unauthorized Aliens

The School Board provides in every written contract that the contractor does not, and shall not during the performance of the contract for goods and services in Virginia, knowingly employ an unauthorized alien as defined in the federal Immigration Reform and Control Act of 1986.

Discrimination by Contractor Prohibited

The School Board includes the following provisions in every contract of more than \$10,000:

1. During the performance of this contract, the contractor agrees as follows:
 - a. The contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, or other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the contractor. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
 - b. The contractor, in all solicitations or advertisements for employees placed by or on behalf of the contractor, will state that such contractor is an equal opportunity employer.

- c. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting the requirements of this section.
2. The contractor will include the provisions of the foregoing paragraphs a, b and c in every subcontract or purchase order of over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

Anyone found soliciting goods or services to students or employees in the schools or on school property during school hours without authorization shall be subject to legal action.

Vendors are not permitted to make appointments with individual School Board employees without the permission of the principal, or the superintendent, or the superintendent's designee. No vendor is permitted to sell, arrange demonstrations of products or services, or take orders for goods or services without prior authorization from the principal, or superintendent, or the superintendent's designee.

This does not prevent authorized representatives of firms regularly supplying goods and services to the school division from having access to the schools in the course of their routine business duties.

No employee with responsibility for a procurement transaction may request, accept, or agree to accept from a bidder, offeror, contractor or subcontractor anything of more than minimal value unless consideration of substantially equal or greater value is exchanged.
