

## ***Philosophy of Mecklenburg County School Foodservice Program***

- **Encourage** the consumption of nutritious foods at a price that is acceptable to the students of our schools.
- **Strive** to become an integral part of the total school curriculum.
- **Become** an effective tool to administrators and teachers alike through nutrition education.
- **Operate** within the guidelines as established by both Federal and State Regulations.
- **Carry out** the policies as established by the Mecklenburg County School Board.
- **Implement** an educational program that will ensure the development of employees to the best of their abilities.
- **Assign** a foodservice staff that will provide the most efficient program to the taxpayers of our county.
- **Continue** to re-evaluate its program with the intent of keeping abreast of new ideas and concepts.
- **Continue** to maintain the highest standards of sanitation and safety management practices.
- **Actively seek** to achieve the goals so that people of this county may look upon this segment of their school program with pride.
