REQUESTS FOR INFORMATION

Mecklenburg County Public School Board complies with the Virginia Freedom of Information Act. Except as otherwise specifically provided by law, all public records are open to citizens of the Commonwealth, representatives of newspapers and magazines with circulation in the Commonwealth and representatives of radio and television stations broadcasting in or into the Commonwealth during the regular office hours of the custodian of such records. All requests for information are processed in accordance with KBA-R Requests for Information.

The name and contact information for the person Mecklenburg County Public School Board has designated as its Freedom of Information (FOIA) Officer(s) is listed in regulation KBA-R Requests for Information and posted at the School Board office and on the division's website. The FOIA Officer serves as a point of contact for members of the public in requesting public records and coordinates the School Board's compliance with FOIA. The FOIA officer receives training at least annually from the School Board's legal counsel or the Virginia Freedom of Information Advisory Council.

Rights & Responsibilities

The Rights of Requestors and the Responsibilities of Mecklenburg County Public Schools under the Virginia Freedom of Information Act

The Virginia Freedom of Information Act (FOIA), located at S 2.2-3700 et seq. of the Code of Virginia, guarantees citizens of the Commonwealth and representatives of the media access to public records held by public bodies, public officials and public employees.

A public record is any writing or recording — regardless of whether it is a paper record, an electronic file, an audio or video recording or record in any other format — that is prepared or owned by, or in the possession of a public body or its officers, employees or agents in the transaction of public business. All public records are presumed to be open to the public and may only be withheld if a specific statutory exemption applies.

The policy of FOIA is to promote an increased awareness by all persons of governmental activities. In furthering this policy, FOIA requires that the law be interpreted liberally, in favor of access, and that any exemption allowing public records to be withheld must be interpreted narrowly.

FOIA Rights

- A citizen of the Commonwealth has the right to request to inspect or receive copies of public records, or both.
- A citizen of the Commonwealth has the right to request that any charges for the requested records be estimated in advance.
- If a citizen of the Commonwealth believes that their FOIA rights have been violated, the citizen may file a petition in district or circuit court to compel compliance with FOIA. Alternatively, they may contact the FOIA Council for a nonbinding advisory opinion.

Making a Request for Records from Mecklenburg County Public Schools

- A citizen of the Commonwealth may request records by U.S. Mail, fax, e-mail, in person or over the phone. FOIA does not require that a request be in writing, nor that it specifically state that records are being requested under FOIA.
- As a practical matter, it may be helpful to both the requestor and the person receiving the request to put the request in writing. This creates a record of the request. It also gives us a clear statement of what records are requested, so that there is no misunderstanding over a verbal request. However, we cannot refuse to respond to a FOIA request if it is not put in writing.
- A request must identify the records sought with "reasonable specificity." This is a common-sense standard. It does not refer to or limit the volume or number of records requested; instead, it requires the requestor to be specific enough so that we can identify and locate the records that are requested.
- A request must ask for existing records or documents. FOIA creates a right to inspect or copy records; it does not apply to general questions about the

- work of Mecklenburg County Public Schools, nor does it require Mecklenburg County Public Schools to create a record that does not exist.
- A requestor may choose to receive electronic records in any format used by Mecklenburg County Public Schools in the regular course of business. For example, if requested records are maintained in an Excel file: the requestor you may elect to receive those records electronically, via e-mail or on a computer disk or to receive a printed copy of those records.
 - If we have questions about a request, please cooperate with staff's efforts to clarify the type of records sought, or to attempt to reach a reasonable agreement about a response to a large request. Making a FOIA request is not an adversarial process, but we may need to discuss a request to ensure that we understand what records are being sought.

To request records from Mecklenburg County Public Schools, direct your request to Mecklenburg County Public Schools' designated Freedom of Information Act Officer (FOIA Officer) who is responsible for serving as a point of contact for members of the public who wish to request public records. The Mecklenburg County Public Schools FOIA Officer is:

Paula Giammatteo
P. O. Box 190
Boydton, Virginia 23917
pqiammatteo@mcpweb.org
434-738-6111 Ext. 1027

In addition, the FOIA Advisory Council is available to answer questions about FOIA. The Council may be contacted by e-mail at foiacouncil@dls.virginia.gov or by phone at (804) 225-3056 or 1-866-448-4100.

Mecklenburg County Public Schools' Responsibilities in Responding to Your Request

Mecklenburg County Public Schools must respond to a request within five working days of receiving it. "Day One" is considered the day after the request is received. The 5-day period does not include weekends or holidays.

The reason behind a request for public records from Mecklenburg County Public Schools is irrelevant and a requestor does not have to state why they want the records before we respond to the request. FOIA does, however, allow Mecklenburg County Public Schools to require a requestor to provide their name and legal address.

FOIA requires that Mecklenburg County Public Schools make one of the following responses to a request within the 5-day time period:

1. We provide the records requested in their entirety.
2. We withhold all of the records requested, because all of the records are subject to a specific statutory exemption or exemptions. If all of the records are being withheld, we must send a response in writing. That writing must identify the

- volume and subject matter of the records withheld and state the specific section(s) of the Code of Virginia that allows us to withhold the records.
3. We provide some of the records requested, but withhold other records. We cannot withhold an entire record if only a portion of it is subject to an exemption. In that instance, we may redact the portion of the record that may be withheld, and must provide the remainder of the record. We must provide the requestor a written response stating the specific section(s) of the Code of Virginia that allows portions of the requested records to be withheld.
 4. We inform the requestor in writing that the requested records cannot be found or do not exist (we do not have the records requested). However, if we know that another public body has the requested records, we must include contact information for the other public body in our response.
 5. If it is practically impossible for Mecklenburg County Public Schools to respond to the request within the 5-day period, we must state this in writing, explaining the conditions that make the response impossible. This will allow us 7 additional working days to respond to the request, giving us a total of 12 working days to respond to the request.

If a request is made for a very large number of records and we feel that we cannot provide the records within 12 working days without disrupting our other organizational responsibilities, we may petition the court for additional time to respond to the request. However, FOIA requires that we make a reasonable effort to reach an agreement with the requestor concerning the production of the records before we go to court to ask for more time.

Costs

Mecklenburg County Public Schools may make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying or searching for the requested records. Mecklenburg County Public Schools will not impose any extraneous, intermediary or surplus fees or expenses to recoup the general costs associated with creating or maintaining records or transacting the general business of the schools. Any duplicating fee charged by Mecklenburg County Public Schools will not exceed the actual cost of duplication. All charges for the supplying of requested records shall be estimated in advance at the request of the requestor as set forth in subsection Va. Code S 2.2-3704.F.

The requestor may have to pay for the records requested from the Mecklenburg County Public Schools. FOIA allows us to charge for the actual costs of responding to FOIA requests. This includes items like staff time spent searching for the requested records, copying costs or any other costs directly related to supplying the requested records. It does not include general overhead costs.

If we estimate that it will cost more than \$200 to respond to a request, we may require the requestor to pay a deposit, not to exceed the amount of the estimate, before proceeding with the request. The five days that we have to respond to the request does not include the time between when we ask for a deposit and when the requestor responds.

A requestor may request that we estimate in advance the charges for supplying the records requested. This will allow the requestor to know about any costs upfront, or give the requestor the opportunity to modify the request in an attempt to lower the estimated costs.

If a requestor owes us money from a previous FOIA request that has remained unpaid for more than 30 days, Mecklenburg County Public Schools may require payment of the past-due bill before it will respond to a new FOIA request.

PUBLIC PARTICIPATION AT SCHOOL BOARD MEETINGS REGULATIONS

The Mecklenburg County School Board welcomes public comment during regular meetings and during public hearings. School Board members do not respond to public comment during the meetings or hearings. School Board members are available to meet with members of the public independently, outside of scheduled meetings and hearings. In addition, the Board reviews letters and emails sent to the School Board.

Time: The Board may allow up to one hour for public comment following all Board Committee reports at regular meetings and public hearings, except that a motion to extend the time shall be in order and a majority vote by the School Board members present shall be necessary to carry the motion. If there are a large number of speakers, the Board may limit the total time for comment and/or may reduce the time allotted for each speaker. Each speaker may speak for up to six minutes, except that a motion to extend the time shall be in order and a majority vote by the School Board members present shall be necessary to carry the motion. A timer is used to time all remarks and speakers should conclude their remarks when the buzzer sounds. Only individuals signed up to speak will be allowed to address the School Board. Time may not be “yielded” to other speakers.

Topics: Speakers may address an item on a School Board agenda or may address an item not on the agenda; however, all comments should address a matter related to Mecklenburg County Public Schools. Decorum: The School Board expects that each speaker will be courteous, modeling for our students how one can respectfully disagree with others' views. No profanity or vulgar language is permitted. Speakers will address their comments to the entire School Board and not to one individual Board member, nor to the Superintendent, to a staff member, nor to the audience. No questionnaire or survey requesting that students provide sexual information shall be administered to any student in kindergarten through grade six.

D. Additional Protections

A parent or emancipated student may, upon request, inspect any instructional material used as part of the educational curriculum of the student and any survey created by a third party before the survey is administered or distributed to a student. Any inspection shall be in accordance with Policy KBA Requests for Information.

In addition, in the event of the administration or distribution of a survey containing one or more of the subjects listed in subsection I.B. above, the privacy of students to whom the survey is administered will be protected by offering parents the option of non-participation in any survey specific to their child; an opt-out clause.

II. Physical Examinations and Screenings

If the Mecklenburg County School Division administers any physical examinations or screenings other than

- those required by Virginia law, and
- surveys administered to a student in accordance with the Individuals with Disabilities Education Act,

policies regarding those examinations or screenings will be developed and adopted in consultation with parents.

III. Commercial Use of Information

Questionnaires and surveys shall not be administered to public school students during the regular school day or at school-sponsored events without written, informed parental consent when participation in such questionnaire or survey may subsequently result in the sale for commercial purposes of personal information regarding the individual student.

This subsection does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions, such as the following:

- college or other postsecondary education recruitment, or military recruitment;
- book clubs, magazines, and programs providing access to low-cost literary products;
- curriculum and instructional materials used by elementary schools and secondary schools;
- tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments;
- the sale by students of products or services to raise funds for school-related or education-related activities; and
- student recognition programs.

IV. Notification

Notification of Policies

The Board shall provide notice of this policy directly to parents of students annually at the beginning of the school year and within a reasonable period of time after any substantive change in the policy. The Board will also offer an opportunity for the parent (or emancipated student) to opt the student out of participation in

- activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose);
- the administration of any survey containing one or more items listed in subsection I.B. above; or
- any nonemergency, invasive physical examination or screening that is
 - required as a condition of attendance;
 - administered by the school and scheduled by the school in advance; and
 - not necessary to protect the immediate health and safety of the student, or of other students.

Notification of Specific Events

The Board will directly notify the parent of a student, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled, or expected to be scheduled:

- activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose);
- the administration of any survey containing one or more items listed in subsection I.B. above; or
- any nonemergency, invasive physical examination or screening that is
 - required as a condition of attendance;
 - administered by the school and scheduled by the school in advance; and
 - not necessary to protect the immediate health and safety of the student, or of other students.

KG1: Community Use of School Facilities

Regulations

Application for Facilities Use

All requests for facilities use involving third parties must be referred to the Superintendent or his/her designee, who coordinates Mecklenburg County Public Schools facilities use requests. All users must complete the Mecklenburg County Public Schools Facilities Use Application and must submit the completed application to the building principal, or designee at least twenty (20) working days before the proposed event. Users shall be charged usage fee as authorized by Mecklenburg County School Board Policy and as outlined below.

Alcohol, Drugs and Smoking Prohibited

Use of alcoholic beverages and illegal drugs is prohibited in all Mecklenburg County Public School facilities at all times. In accordance with the Clean Air Act, smoking is prohibited in all Mecklenburg County Public School facilities.

Facilities Use by School Groups

Use of Mecklenburg County Public School buildings and grounds by school groups for educational purposes after school hours shall be scheduled and coordinated by the principal or his/her designee of the relevant school or the Superintendent according to policies and regulations of the School Board.

Facilities Use by Non-Mecklenburg County Public School Groups

Use of Mecklenburg County Public Schools buildings and grounds by non-school groups shall be governed by the following:

1. **Written Request Required and Insurance.** Non-profit community agencies and organizations may request the use of school buildings and grounds if the program is of a cultural, sports, or educational nature. Permission to use the buildings and grounds by such groups shall be granted with the approval of the relevant school principal or his/her designee. Request shall be presented for action no fewer than twenty (20) working days prior to the date scheduled for the event. The principal or his/her designee shall be present for such activities. A completed written Facilities Use Application form and certificate of insurance must be filed with the office of the Superintendent at least three (3) days prior to the activity. The insurance policy should be for at least \$1,000,000 and be inclusive of workers compensation coverage for all contracted personnel. The school administration may require additional insurance coverage for events judged to be high risk. Certain self-insured sports instructors shall file a certificate of insurance annually. Failure to provide the Facility Use Application and insurance certificate by such time will result in the denial of the facilities use request.
2. **Personnel/Staffing Requirements.** The school principal, or their respective designee(s), shall decide when school district employees are required to support a specific event. Personnel/staff time will be charged for actual time spent: (a) supervising or assisting a facilities user with the activity/event; (b) responding to user requests that facilities be rearranged, and for returning the facilities to their normal status; (c) attending to the building during hours when the building is not in normal use (overtime); (d) assisting in the school kitchen; (e) assisting with lighting and audio equipment; (f) supervising large groups (a staff supervisor may be assigned to the direction of the principal or building administrator) and performing other appropriate or necessary services. The School Board/district reserves the right to charge the facilities user with expenses for actual time School Board employees spend cleaning up following an event in order to return the facilities to their normal condition.
 - a. **Cafeteria Personnel:** A cafeteria employee must be present and assist with the food preparation, serving and cleaning when any group uses the kitchen, whether or not rental fees

are due. The cafeteria employee shall direct the food preparation and/or service. The regular staff member shall determine that equipment and facilities are properly used, cleaned and restored after usage. The organization using the kitchen facilities shall pay a rental fee as established elsewhere in this Regulation for use of the facility plus the compensation for the cafeteria workers.

- b. Custodial Staff: A custodial staff member or designee should be on duty of all non-school activities. For most meetings it will be necessary for the employee to be on duty prior to the time the meeting is scheduled to prepare the facility for use. The presence of the employee on duty does not relieve the organization of responsibility for any damage done to the property.
- c. Employee Volunteers Prohibited. School Board employees shall not be permitted or requested to volunteer their services for these purposes.
- d. Security Personnel. Law enforcement supervision may be required at the direction of the principal or their respective designee(s). In such instances, the facilities user must arrange for security, with confirmation provided to the building principal or their respective designee(s) prior to the event/activity. The law enforcement unit shall bill the facilities user directly for such services.

Payment for the services shall be paid directly to the cafeteria, custodial, and security personnel that the group has acquired to meet the staffing requirements in Mecklenburg County Public School Board policy.

- 3. Equipment and Special Fees: A service charge shall be collected for the use of kitchen equipment and utilities. Stage lights, spot lights and other technical equipment may be rented by the facilities user, provided that the technician approved the principal or their respective designee(s) is engaged by the facilities user to oversee equipment use. The School Board reserves the right to charge the facilities user for special trash pick-ups required after an event. Pianos may not be used or moved unless under the authorization and/or supervision of the principal. The charge for the use of the piano and of persons to operate lights will be determined annually.
- 4. Deposit and Full Payment: An advance, non-refundable down payment of (\$50.00) is required ten (10) days in advance of the facilities use date. Payment of the balance is due on or before the date of the use of the facilities. The (\$50.00) non-refundable deposit will be credited toward the total amount charged for the use of the facilities. When facilities are contracted for a series of events scheduled over several months, fees may be paid monthly. Users paying monthly fees must pay on or before the first working day of each month.

In the event that payment is not made in accordance with the terms stated herein, the School Board may exercise its legal rights to recoup any sums due and owing, including, without limitation, any late charges, interest, attorneys' fees and/or any other litigation-related expenses or costs incurred in the collection of monies owed. By signing a Facilities Use Application, the user of the facility acknowledges and agrees to pay a five percent (5%) penalty for late payment.

- 5. Rental Fees: Rental, custodial and other fees collected in accordance with a scale set annually by the School Board shall be remitted by the Principal through regular accounting procedures to the administrative office of the school division.
 - a. Rental fees shall be collected for use of the school facilities as follows:

\$250.00	Cafetorium without kitchen
\$400.00	Cafetorium with kitchen use
\$300.00	Gymnasium
\$250.00	Softball Field

\$750.00

Football/Baseball field – includes lights

* Six (6) hours of usage per day (maximum). More than six (6) hours equal two (2) days.

- b. All rental fees should be deposited at the school in the General Account.
6. Fee Waivers: The School Board will not charge facility rental fees for individuals, agencies, or organizations requesting use of school property for activities determined to be primarily for the benefit of students, the school district or the County, including requests by Mecklenburg County Public Schools students and employees requesting building use for school-related extracurricular or professional development, school-support groups (e.g., PTAs and booster clubs) and county agencies. The rental fee for the use of the facilities by fire department, rescue squads, life saving crews, law enforcement agencies and agencies of the Commonwealth also is waived. The School Board will, however, charge outside organizations full rental and personnel fees for use of school facilities on weekends and holidays, when the buildings are not regularly open.
7. Facilities Hours: Generally, the School Board shall make its facilities available for use by outside organizations on Mondays through Fridays from 3:30 p.m. until 9:30 p.m.
8. Termination of Usage: The Superintendent of Schools has the right to terminate use of facilities by any group when he/she determines that the group has damaged facilities or other school property in any way, has created an unnecessary burden on the school, or has violated any of the terms of agreement for building use.
9. Continual Use of Facilities: The following procedures shall be followed when any organization is applying for temporary use of school facilities while the organization engages in capital programs supporting its efforts to move to a permanent location.
 - a. Any approved application is valid for six months from date of approval.
 - b. A new application may be submitted at any time, but renewal application must be submitted each year. An applicant may have an application renewed up to three times, which may extend facility use under these circumstances to a maximum of 24 months.
 - c. A review of the application will be conducted by school personnel along with a representative from the organizations at the time of each reapplication. The parties' review shall address areas of concern and the status of the organization's construction plans/progress.
 - d. Failure to adhere to the rules and regulations will result in termination of the approved application.
10. User's Responsibilities: All facilities users accept responsibility for the care and maintenance of Mecklenburg County Public Schools facilities and agree to the conditions listed on the application form and in this Regulation. In addition, users agree to obey public laws and School Board policies and regulations while on School Board property. The person or organization who signs the application will be held financially responsible for complying with the terms and conditions (financial and otherwise). The person assuming responsibility for the activity must sign the Facility Use Application and must be present when the activity is conducted.
11. Principals' or their respective designee(s) Responsibilities: Principals or their respective designee(s) will require all users of school facilities to complete the Facilities Use Application form; computer fees on facilities use applications and/or forward them to the Superintendent's Office for assistance; forward all completed applications to the Superintendent; and retain in the school/building files for three years a copy of all approved application forms.
12. Priority for Use of Facilities: Permission to use Mecklenburg County Public Schools facilities shall be granted according to the following priorities:

1. MCPS instructional and extracurricular programs;
 2. School-related groups, such as parent-teacher associations and booster clubs; tutoring and school-business partnerships;
 3. Activities facilitated through Mecklenburg County Department of Parks and Recreation and open to the public;
 4. Local and state government activities;
 5. All others as space is available and at times that do not interfere with the operation of the school and the preceding priorities, on a first come, first served basis, including youth groups, Mecklenburg County employee organizations, civic and cultural groups, churches, private organizations and individuals.
13. Commercial Prohibition: Renting Mecklenburg County Public Schools property (e.g., buildings, grounds, table space, booth space) by a for-profit individual or organization for the purpose of promoting or conducting a business or selling merchandise is prohibited. Sales of merchandise and fundraising activities by non-profit groups and by school-related groups is governed by separate School Board policy.
14. Cancellation of Use: On any day that the Mecklenburg County Public Schools are closed due to inclement weather or other emergencies, use of the school facilities will likewise be cancelled. Users of the facilities and not the school district or its employees, are responsible for notifying their memberships of such circumstances.

The school district further reserves the right to deny any application or cancel any previously approved contract when it deems such action to be in the best interest of the school district. Examples of such circumstances include but are not limited to: (1) the applicant has not demonstrated to the satisfaction of the school district that reasonable security has been provided and reasonable safety precautions have been taken; (2) the rescheduling of school activities cancelled by emergencies creates conflicts with scheduled community uses; (3) the primary purpose for the usage is for commercial use; and (4) emergencies arise that require school district use of the facilities.

Additional Rules and Regulations

1. No organizations may use the buildings or grounds at any time or in such a manner that would interfere with the operation of the school for public education purposes.

16. In kind compensation in lieu of payment of fees listed in this Regulation is prohibited.
17. All publicity for an event shall carry the name of the group sponsoring the meeting or event. All advertisements for the event shall be reviewed by the division superintendent or his/her designee and shall include a statement indicating the fact that a group is permitted to use a School Board facility does not in any way constitute endorsement of the group's policies or beliefs by the School Board. SCHOOL VISITORS

Generally

Visitors are welcome in the schools as long as their presence is not disruptive. Upon arriving at a school, all visitors must report to the administrative office. Potential visitors, including parents, who are registered sex offenders, should consult Policy KN Sex Offender Registry Notification and Policy KNA Violent Sex Offenders on School Property before arriving at school property or school sponsored activities. The school division expects mutual respect, civility and orderly conduct from all individuals on school property and at school events. Unauthorized persons, including suspended and expelled students, will be requested to leave school grounds by the building administrator. Unauthorized persons who fail to leave the school grounds or school activity as requested will be considered trespassers. The School Board authorizes the superintendent to take all necessary actions regarding the safety, order and preservation of the educational environment on School Board property or at school division sponsored activities. Law enforcement may be called to enforce this policy.

Anyone, including students, who enters a school at nighttime without the consent of an authorized person except to attend an approved meeting or service or who enters or remains on any school property, including school buses, in violation of (i) any direction to vacate the property by an authorized individual or (ii) any posted notice which contains such information, posted at a place where it reasonably may be seen may be prosecuted.

Parents

Parents are encouraged to visit the schools on scheduled days for conferences with teachers, assemblies, PTA meetings, volunteer service and other school programs. SERVICE ANIMALS IN PUBLIC SCHOOLS

A. Service Animals

An individual with a disability is permitted to be accompanied by his/her service animal on school property when required by law, subject to the conditions of this policy.

A “service animal” means a dog that has been individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. (See, however, Section D regarding miniature horses.) The work or tasks performed by a service animal must be directly related to the individual’s disability.

School officials can ask the owner or handler of an animal whether the animal is required because of a disability and what work or task the animal has been trained to do unless the answers to these inquiries are readily apparent. School officials may not ask about the nature or extent of a person’s disability and may not require documentary proof of certification or licensing as a service animal.

B. Requirements That Must be Satisfied Before a Service Animal Will be Allowed on School Property

Request: A person who wants to be accompanied by the person’s service animal must make a prior written request. If a person wants to be accompanied by a service animal at a school, the request should be made to the school principal. If a person wants to be accompanied by a service animal at any other location, the request should be made to the superintendent. A request must indicate the scope of permission sought, including the time period and the location(s) at which the service animal will be present. Requests may be granted for a period of time up to one school year. Requests must be renewed each school year.

Vaccination: The service animal must be immunized against diseases common to that type of animal.

Health: The service animal must be in good health. The owner or handler of the animal must submit to the school principal or superintendent, as appropriate based on the location for which the animal’s presence is requested, each school year documentation from a licensed veterinarian showing proof of the service animal’s current vaccinations and immunizations.

Control: A service animal must be under the control of its handler at all times. The service animal must have a harness, backpack or vest identifying the dog as a trained service dog, a leash (blaze orange in color) for hearing dogs, a harness for guide dogs, or other tether unless either the handler is unable because of a disability to use a harness, backpack, vest, leash, or other tether, or the use of a harness,

backpack, vest, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control.

C. Service Dogs in Training

Experienced trainers of service animals may be accompanied on school property by a dog that is in training to become a service animal. The dog must be at least six months of age. Trainers must wear a jacket identifying the organization to which they belong. Persons conducting continuing training of a service animal may be accompanied by a service animal while on school property for the purpose of school business. Persons who are part of a three-unit service dog team may be accompanied by a service dog while on school property provided that person is conducting continuing training of a service dog. A three-unit service dog team consists of a trained service dog, a disabled person, and a person who is an adult and who has been trained to handle the service dog. The dogs may accompany these persons while on school property for school purposes.

Use of Harnesses, Vests, etc. A dog that is in training to become a guide dog or a currently trained guide dog that is undergoing continuing training must be in a harness.

A dog that is in training to become a hearing dog or a currently trained hearing dog that is undergoing continuing training must be on a blaze orange leash.

A dog that is in training to become a service dog or a currently trained service dog that is undergoing continuing training must be in a harness, backpack, or a vest identifying the dog as a trained service dog.

The training cannot disrupt or interfere with a school's educational process. It is expected that training would not normally take place in the classroom during instructional time.

All requirements of this policy which apply to service animals, such as annual written requests, and supervision, care and damages, also apply to dogs in training.

D. Miniature Horses

The school division will make reasonable modifications in policies, practices, or procedures to permit the use of a miniature horse by an individual with a disability if the miniature horse has been individually trained to do work or perform tasks for the benefit of the individual with a disability. In determining whether reasonable modifications in policies, practices, or procedures can be made to allow a miniature horse into a specific facility, the school division must consider the following factors:

1. The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
2. Whether the handler has sufficient control of the miniature horse;
3. Whether the miniature horse is housebroken; and
4. Whether the miniature horse's presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.

All additional requirements outlined in this policy, which apply to service animals, shall apply to miniature horses.

E. Extra Charges

The owner or handler of a service animal cannot be required to pay an admission fee or a charge for the animal to attend events for which a fee is charged.

F. Supervision and Care of Service Animals

The owner or handler of a service animal is responsible for the supervision and care of the animal, including any feeding, exercising, and clean up.

G. Damages to School Property and Injuries

The owner or handler of a service animal is solely responsible for any damage to school property or injury to personnel, students, or others caused by the animal.

H. Removal of Service Animals From School Property

A school administrator can require an individual with a disability to remove a service animal from school property under the following circumstances:

1. The animal is out of control and the animal's handler does not take effective action to control it;
2. The animal is not housebroken;
3. The presence of the animal poses a direct threat to the health or safety of others; or
4. The presence of an animal would require a fundamental alteration to the service, program, or activity of the school division.

If the service animal is removed, the individual with a disability shall be provided with the opportunity to participate in the service, program, or activity without the service animal.

I. Denial of Access and Grievance

If a school official denies a request for access of a service animal or a dog in training, the disabled individual or parent or guardian can file a written grievance with the school division's Section 504 Coordinator.

PUBLIC COMPLAINTS

Complaints involving a particular school are handled within the school through the established channel of responsibility. If the complaint cannot be resolved at the level of the principal, it is referred to the superintendent or superintendent's designee. If the central office staff and complainant cannot reach a satisfactory solution, the matter may, at the School Board's discretion, be heard at a regular board meeting.

Any parent, custodian, or legal guardian of a pupil attending the Mecklenburg County public schools who is aggrieved by an action of the School Board may, within thirty days after such action, petition the local circuit court to review the action of the School Board. The court will sustain the action of the School Board unless the School Board exceeded its authority, acted arbitrarily or capriciously or abused its discretion.

PUBLIC COMPLAINTS ABOUT LEARNING RESOURCES

Despite the care taken in selecting suitable learning resources, and despite the qualifications and expertise of persons involved in that selection process, it is recognized that occasional objections to materials will be made by the public. It is, therefore, the policy of the School Board to provide channels of communication and a fair procedure for members of the community to follow in expressing and resolving concerns about learning resources, including instructional materials, used in teaching the curriculum.

Complaints about learning resources should be presented in writing using KLB-E, "Request for Reconsideration of Learning Resources" form, which may be obtained from the principal or the central office. The standards and procedure for review shall be consistently applied in recognition of the respective rights and responsibilities of all concerned. Materials shall be considered for their educational suitability and shall not be proscribed or removed because of partisan or doctrinal disapproval. Challenges which are not resolved at the building level may be submitted to the superintendent or superintendent's designee. The decision of the superintendent may be appealed to the School Board or reviewed at the School Board's request. The decision of the School Board will be final.

SEX OFFENDER REGISTRY NOTIFICATION

The Mecklenburg County school division recognizes the danger sex offenders pose to student safety. Therefore, to protect students while they travel to and from school, attend school or are at school-related activities, each school in the Mecklenburg County school division shall request electronic notification of the registration or reregistration of any sex offender in the same or contiguous zip codes as the school. Such requests and notifications shall be made according to the procedure established by the Virginia Department of State Police (State Police).

Annual Notification

At the beginning of each school year, the Mecklenburg County school division shall notify parents and employees of this policy. The school board will also annually notify the parent of each student enrolled in the school division of the availability of information in the Sex Offender and Crimes Against Minors Registry and the location of the Internet website.

Dissemination of Sex Offender Registry Information

Sex offender registry information should be provided to employees who are most likely to observe unauthorized persons on or near school property including but not limited to:

- school bus drivers
- employees responsible for visitor registration
- employees responsible for bus duty
- security staff
- coaches
- playground supervisors, and
- maintenance personnel.

When registry information is disseminated, it shall include a notice that such information should not be shared with others and may only be used for the purposes discussed below. Employees who share registry information with others may be disciplined.

The Mecklenburg County school division recognizes that it is the responsibility of local law enforcement to notify the community of potential public danger. Therefore, the division will not disseminate registry information to parents.

Use of Sex Offender Registry Information

Registry information shall only be used for the purposes of the administration of law-enforcement, screening current or prospective school division employees or volunteers and for the protection of school division students and employees. Registry information shall not be used to intimidate or harass others.

1. Registered Sex Offender Sighted. If a notified employee sees a registered sex offender on or near school property, around any school division student, or attending any school division activity, the Superintendent or his designee shall be notified immediately. The Superintendent or his designee may, in his or her discretion, notify local law-enforcement.
2. School Volunteers and Student Teachers. Each staff member shall submit to the Principal the name and address of each volunteer the staff member proposes to use as soon as the person is identified. The Principal shall screen each student teacher and volunteer's name and address against the registry information. If a match is found, the Principal shall notify the Superintendent, who shall confirm the match. If the match is confirmed, the Superintendent shall inform the individual, in writing, that he or she may not serve as a volunteer or student teacher. The notice shall provide the reason with reference to this policy. The Superintendent shall provide a copy of the notice to the Principal and staff member.
3. Contractors' Employees. In addition to ensuring that the certification requirements of Policy DJF Purchasing Procedures are met, the Superintendent shall include the following language in all Division contracts that may involve an employee of the contractor having any contact with a student:

The contractor shall not send any employee or agent who is a registered sex offender to any school building or school property. Monthly, the contractor shall check the registry to determine if any employee is registered.
4. School Division Employees. Each time sex offender registry information is received, the principal shall review it to determine if a school division employee is registered. If a match is found, the Superintendent shall confirm or disprove the match with local law enforcement. If the match is confirmed, the Superintendent shall notify the School Board. The School Board will take the appropriate action to comply with state law which may include termination of employment.
5. Applicants for Employment. Before hiring any person, the Superintendent shall determine whether the prospective employee is a registered sex offender. If the prospective employee is a registered sex offender, he or she shall not be hired by the division.
6. Parents of Students and other Visitors.

Persons who have been convicted of a sexually violent offense, as defined in Va. Code § 9.1-902, may be present at school during school hours or during school related or school sponsored activities, on any school bus, or on any property, public or private, when such property is solely being used by an elementary or secondary school for a school-related or school-sponsored

activity only as provided in Policy KNA Violent Sex Offenders on School Property.

When the school division learns that a parent of an enrolled student is a registered sex offender, other than a violent sex offender, the parent will be notified in writing that he or she is barred from being present at school or at school functions without the express written approval of the student's principal. Such approval must be obtained in advance of the proposed visit and will state the conditions under which the parent may be present. When a parent who is a registered sex offender is permitted at school or at school functions he or she will be monitored to ensure that he or she does not come into contact with any children other than his or her own children. Principals will consider requests from registered sex offenders in accordance with procedures prescribed by the superintendent.

When the school division learns that any person other than the parent of an enrolled student who is a registered sex offender, other than a violent sex offender, seeks to be present at school or at school functions, he or she will be notified in writing that he or she is barred from being present at school or school functions without the express written approval of the principal of the school the person seeks to visit or which sponsors the event the person seeks to attend. Such approval must be obtained in advance of the proposed visit and, if obtained, will state the conditions under which the person may be present. One of the conditions will be that the person will be monitored to ensure the safety of students, staff, and others. Principals will consider requests from registered sex offenders in accordance with procedures prescribed by the superintendent.

7. Precautions to Protect Students. When the Superintendent determines it is necessary, because of the presence of a registered sex offender, alternative arrangements may be made for bus and walking routes to and from school, recess and physical education periods, or any other activity in order to protect division students.

Requests for Registry Information

Anyone requesting registry information from the school division shall be referred to the State Police.

RELATIONS WITH LAW ENFORCEMENT AUTHORITIES

Investigations by Law Enforcement Officers at School

When it becomes necessary for any law enforcement officer to interrogate a student on school premises, the principal is contacted immediately. The principal or principal's designee makes a reasonable effort to contact the parent or guardian and have the parent or guardian in attendance for the conference. If the parent or guardian cannot be present for the conference, then the principal or principal's designee is present throughout the interrogation.

Service of Process at School

Should there be a need to serve a student or school employee with any "legal process", the School Board encourages the process server to make all reasonable attempts to serve such documents off school premises; however, if the documents must be served on school premises, they should be served at the principal's office of the school which the student attends or the main office of the facility at which the employee is assigned.

In any case in which custody or visitation of a minor child is at issue and a summons is issued for the attendance and testimony of a teacher or other school employee who is not a party to the proceeding, if such summons is served on school property, it may be served only by a sheriff or his deputy.

Development of Programs

The superintendent seeks to develop, in cooperation with the local law-enforcement agencies, juvenile and domestic relations court judges and personnel, parents, and the community at large, programs and procedures to prevent violence and crime on school property and at school-sponsored events. The superintendent obtains and uses Sex Offender Registry information in accordance with Policy KN Sex Offender Registry Notification.

Report to Law Enforcement Officials

Except as may otherwise be required by federal law, regulation or jurisprudence, the principal immediately reports to local law-enforcement officials all incidents listed below that may constitute a criminal offense:

1. assault and battery which results in bodily injury, sexual assault, death, shooting, stabbing, cutting, or wounding of any person or stalking of any person as described in Va. Code § 18.2-60.3, on a school bus, on school property or at a school-sponsored activity; or
2. any conduct involving alcohol, marijuana, a controlled substance, imitation controlled substance or an anabolic steroid on a school bus, on school

- property or at a school-sponsored activity, including the theft of or attempted theft of student prescription medications; or
3. any threats against school personnel while on a school bus, on school property or at school-sponsored activity; or
 4. the illegal carrying of a firearm, as defined by Va. Code § 22.1-277.07, onto school property;
 5. any illegal conduct involving firebombs, explosive materials or devices, or hoax explosive devices, as defined in Va. Code § 18.2-85, or explosive or incendiary devices, as defined in Va. Code § 18.2-433.1 or chemical bombs, as described in Va. Code § 18.2-87.1, on a school bus, on school property or at a school-sponsored activity; or
 6. any threats or false threats to bomb, as described in Va. Code § 18.2-83, made against school personnel or involving school property or school buses.

The principal may report to local law enforcement officials any incident involving the assault or assault and battery, without bodily injury, of any person on a school bus, on school property or at a school-sponsored activity.

REPORTS OF MISSING CHILDREN

The Mecklenburg County School Division shall receive reports of the disappearance of any child living within the school division from local law enforcement pursuant to Va. Code § 52-31.1.

Upon notification by a local law-enforcement agency of a child's disappearance, the principal of the school in which the child was enrolled at the time of the disappearance shall indicate, by mark, in the child's cumulative record that the child has been reported as missing. Upon notification by law enforcement that the child is located, the principal shall remove the mark from the record.

Upon receiving a request from any school or person for copies of the cumulative records and birth certificate of any child who has been reported by a local law-enforcement agency to be missing, the school being requested to transfer the records shall immediately notify the law-enforcement agency that provided the report to the school of the child's disappearance of the location of the school or person requesting the cumulative records and birth certificate of the child, without alerting the requestor of such report.

For the purposes of this policy, a "mark" means an electronic or other indicator that (i) is readily apparent on the student's record and (ii) will immediately alert any school personnel that the record is that of a missing child.

The custodial parent has the responsibility to

1. keep the school office informed of his address and how he or she may be contacted at all times;
2. provide the current address and phone number of the noncustodial parent at registration unless such address is unknown and the parent signs a statement to that effect, or unless a court order restricts the educational or contact rights of the noncustodial parent; and
3. provide a copy of any legal document which restricts the educational and/or contact rights of the noncustodial parent.

The noncustodial parent has the responsibility to keep the school office apprised of changes in his or her current phone number and address. COMMERCIAL, PROMOTIONAL AND CORPORATE SPONSORSHIPS AND PARTNERSHIPS

Generally

The Mecklenburg County School Board recognizes that corporate and other private sponsorship of programs and activities related to education can provide valuable enhancement of the educational program offered by the Board. For that reason, the Mecklenburg County School Board may enter into commercial, promotional and corporate sponsorship and partnership arrangements under certain conditions.

Definitions

An “educational partnership” is a mutually beneficial, co-operative relationship in which partners share values, objectives and/or human or financial resources to enhance learning for students.

An “educational sponsorship” is an arrangement pursuant to which the sponsor provides money, price reductions, equipment, materials, services or other benefits in exchange for recognition of its products or entity for a specified period of time.

Authority to Enter into Agreements

On behalf of the School Board, principals may enter into sponsorships and partnerships for their schools when the sponsorship or partnership does not extend beyond a single school year or exceed \$5,000 in value to the school.

On behalf of the School Board, the superintendent may enter into sponsorships and partnerships which will benefit more than one school or the division as a whole. The superintendent may also enter into sponsorships and partnerships when the sponsorship or partnership extends beyond a single school year or exceeds \$5,000 in value.

The School Board may create a Sponsorship Review Committee to approve any sponsorship or partnership which the Board determines should be considered by the Committee. The School Board shall establish criteria identifying proposed sponsorships and partnerships which must be approved by the Committee rather than by a principal or the superintendent. If the Committee’s decision regarding the proposed sponsorship or partnership is not unanimous, the decision may be appealed to the School Board by either the potential sponsor or partner or by a member of the Sponsorship Review Committee.

Requirements

Any agreement to enter into an educational sponsorship or educational partnership will be in writing.

The written agreement shall include:

- A statement of the educational purpose for the relationship.

- A statement that the School Board has the right to terminate the agreement without penalty if it determines that the agreement is having an adverse impact on the educational experience of students.
- A statement that if an agreement is terminated because of an adverse impact on the educational experience of students, no other agreement for an educational partnership or sponsorship will be entered into between the School Board and the partner or sponsor whose agreement has been terminated for a specified period of time.
- A statement detailing the specific benefits to the school or school division from the agreement.
- A statement clearly defining the roles, expectations, rights, and responsibilities of all parties to the agreement. This statement shall include a statement of whether the agreement permits the sponsor or partner to advertise in connection with the agreement and, if so, the extent of such advertising.
- A statement clearly defining whether the agreement creates any exclusive rights for the sponsor or partner and, if such rights are created, clearly defining those rights. If no exclusive rights are created, the agreement shall include a statement that the existence of the sponsorship or partnership will not limit the discretion of the School Board or its personnel in the use of sponsored or nonsponsored materials.
- The duration of the agreement.
- A statement that the school or School Board retains the exclusive right to authorize the use of its name, logo, or other similar information.
- A statement that the school or School Board must approve its identification as a partner or co-sponsor in all publicity materials.
- A statement of the monetary value to be received by the school or school division pursuant to the agreement.
- A statement defining how the benefits arising from agreement will be distributed.
- A statement of the basis on which students will be permitted to participate in the program or otherwise benefit from the agreement.
- A statement that the sponsor or partner assumes the responsibility for obtaining the consent of any student or School Board employee whose likeness may appear in any materials disseminated by the partner or sponsor.
- A statement disclosing any relationship between the sponsor or partner, or any of its employees or major stockholders, and any student, School Board employee, School Board member, or the superintendent.
- A statement that all partnerships and sponsorships will be consistent with all federal and state laws, local ordinances and School Board policies and regulations and with all preexisting School Board contracts. If the terms of the partnership or sponsorship agreement establish that the employees, contractors or others acting on behalf of the partner or sponsor will have direct contact with students on school property during regular school hours

or during school-sponsored activities, the School Board will require the partner or sponsor to provide certification that all such persons have not been convicted of a felony or any offense involving the sexual molestation or physical or sexual abuse or rape of a child.

- A statement that no partnership or sponsorship shall exploit any student or School Board employee.
- A statement that no sponsor or partner shall be permitted to collect personal information, including names, addresses or telephone numbers of students or School Board employees because of the partnership or sponsorship.
- A statement that any curriculum materials provided pursuant to the agreement will be held to the same standards as other curriculum materials.
- A statement that any participation by any student or School Board employee in any activity established pursuant to the agreement will be purely voluntary. If a student or School Board employee wants to participate in any sponsored or partnered activity but objects to using the materials provided by the sponsor or partner, the sponsor or partner must supply substantially similar materials to which the student does not object for that student to use in the activity. If a student objects to using materials provided by the sponsor or partner, the School Board employee in charge of the activity shall provide for a means by which the student's objections are made known to other students involved in the activity and by which those objections are discussed in an educational manner.

Prohibitions

No agreement shall be entered into if the sponsorship or partnership involves or gives the appearance of involving any activity which could result in the following:

- promotion of hostility or violence;
- an attack on ethnic, racial, or religious groups;
- discrimination prohibited by any law or School Board policy;
- promotion of the use of drugs, alcohol, tobacco, electronic cigarettes or firearms;
- promotion of sexual, obscene or pornographic activities; or
- promotion of any image that is not in keeping with the established goals and purposes of the School Board.
