MEMORANDUM

DATE: August 21, 2019
TO: Whom It May Concern
FROM: Mr. Paul Nichols, Division Superintendent 
RE: Notice of Sole Source Control Service Provider

Mecklenburg County Public Schools (MCPS) currently use Trane control systems in all of our facilities. MCPS does not desire to have multiple systems operating simultaneously with the potential issues related to parts, support, or training that could arise. Further, our employees are already trained in using this control system and all of our individual systems may be managed from a single web based application.

This memorandum is to serve as documentation that Trane is identified as the sole source provider of control services for Mecklenburg County Public Schools.

This sole source arrangement was first agreed to and advertised in August of 2016.
