

School Start Time Change for the 2021-22 Academic Year

When students return to school in the fall, elementary schools will start and end about an hour after our secondary schools. We're making this change in order to provide transportation to all who need it, and we know this may impact many families. We want to alert everyone to this change early so all may plan accordingly.

Here are the estimated school day times for planning purposes, but these may still shift a bit according to the needs of the individual schools. Please check your school's student/parent handbook in August for the final times.
