The Rights of Requestors and the Responsibilities of Mecklenburg County Public Schools under the Virginia Freedom of Information Act

The Virginia Freedom of Information Act (FOIA), located at S 2.2-3700 et seq. of the Code of Virginia, guarantees citizens of the Commonwealth and representatives of the media access to public records held by public bodies, public officials and public employees.

A public record is any writing or recording — regardless of whether it is a paper record, an electronic file, an audio or video recording or record in any other format — that is prepared or owned by, or in the possession of a public body or its officers, employees or agents in the transaction of public business. All public records are presumed to be open to the public and may only be withheld if a specific statutory exemption applies.

The policy of FOIA is to promote an increased awareness by all persons of governmental activities. In furthering this policy, FOIA requires that the law be interpreted liberally, in favor of access, and that any exemption allowing public records to be withheld must be interpreted narrowly.

FOIA Rights

- Citizens of the Commonwealth and representatives of the media have the right to request to inspect or receive copies of public records, or both.
- Citizens of the Commonwealth and representatives of the media have the right to request that any charges for the requested records be estimated in advance.
- If a citizen of the Commonwealth or representatives of the media believes that their FOIA rights have been violated, the citizen or media representative may file a petition in district or circuit court to compel compliance with FOIA. Alternatively, they may contact the FOIA Council for a nonbinding advisory opinion.

Making a Request for Records from Mecklenburg County Public Schools

- Records may be requested by U.S. Mail, fax, e-mail, in person or over the phone. FOIA does not require that a request be in writing, nor that it specifically state that records are being requested under FOIA.
- As a practical matter, it may be helpful to both the requestor and the person receiving the request to put the request in writing. This creates a record of the request. It also gives us a clear statement of what records are requested, so that there is no misunderstanding over a verbal request. However, we cannot refuse to respond to a FOIA request if it is not put in writing.

- A request must identify the records sought with "reasonable specificity." This is a common-sense standard. It does not refer to or limit the volume or number of records requested; instead, it requires the requestor to be specific enough so that we can identify and locate the records that are requested.
- A request must ask for existing records or documents. FOIA creates a right to inspect or copy records; it does not apply to general questions about the work of Mecklenburg County Public Schools, nor does it require Mecklenburg County Public Schools to create a record that does not exist.
- A requestor may choose to receive electronic records in any format used by Mecklenburg County Public Schools in the regular course of business. For example, if requested records are maintained in an Excel file: the requestor you may elect to receive those records electronically, via e-mail or on a computer disk or to receive a printed copy of those records.
- If we have questions about a request, please cooperate with staff's efforts to clarify the type of records sought, or to attempt to reach a reasonable agreement about a response to a large request. Making a FOIA request is not an adversarial process, but we may need to discuss a request to ensure that we understand what records are being sought.

To request records from Mecklenburg County Public Schools, direct your request to Mecklenburg County Public Schools' designated Freedom of Information Act Officer (FOIA Officer) who is responsible for serving as a point of contact for members of the public who wish to request public records. The Mecklenburg County Public Schools FOIA Officer is:

Paula Giammatteo
P. O. Box 190
Boydton, Virginia 23917
pgiammatteo@mcpsweb.org
434-738-6111 Ext. 21027
Fax: 434-500-6069

In addition, the FOIA Advisory Council is available to answer questions about FOIA. The Council may be contacted by e-mail at foiacouncil@dls.virginia.gov or by phone at (804) 689-1810 or 1-866-448-4100.

Mecklenburg County Public Schools' Responsibilities in Responding to Your Request

Mecklenburg County Public Schools must respond to a request within five working days of receiving it. "Day One" is considered the day after the request is received. The 5-day period does not include weekends or holidays.

The reason behind a request for public records from Mecklenburg County Public Schools is irrelevant and a requestor does not have to state why they want the records before we respond to the request. FOIA does, however, allow Mecklenburg County Public Schools to require a requestor to provide their name and legal address.

FOIA requires that Mecklenburg County Public Schools make one of the following responses to a request within the 5-day time period:

- 1 . We provide the records requested in their entirety.
2. We withhold all of the records requested, because all of the records are subject to a specific statutory exemption or exemptions. If all of the records are being withheld, we must send a response in writing. That writing must identify the volume and subject matter of the records withheld and state the specific section(s) of the Code of Virginia that allows us to withhold the records.
3. We provide some of the records requested, but withhold other records. We cannot withhold an entire record if only a portion of it is subject to an exemption. In that instance, we may redact the portion of the record that may be withheld, and must provide the remainder of the record. We must provide the requestor a written response stating the specific section(s) of the Code of Virginia that allows portions of the requested records to be withheld.
4. We inform the requestor in writing that the requested records cannot be found or do not exist (we do not have the records requested). However, if we know that another public body has the requested records, we must include contact information for the other public body in our response.
5. If it is practically impossible for Mecklenburg County Public Schools to respond to the request within the 5-day period, we must state this in writing, explaining the conditions that make the response impossible. This will allow us 7 additional working days to respond to the request, giving us a total of 12 working days to respond to the request.

If a request is made for a very large number of records and we feel that we cannot provide the records within 12 working days without disrupting our other organizational responsibilities, we may petition the court for additional time to respond to the request. However, FOIA requires that we make a reasonable effort to reach an agreement with the requestor concerning the production of the records before we go to court to ask for more time.

Costs (See KBA-R)

Except with regard to scholastic records requested pursuant to subdivision A 1 of Va. Code § 2.2-3705.4 that must be made available for inspection pursuant to the Family Educational Rights and Privacy Act (20 U.S.C. § 1232g) and such requests for scholastic records by a parent or legal guardian of a minor student or by a student who is 18 years of age or older, Mecklenburg County Public Schools may make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying or searching for the requested records and makes all reasonable efforts to supply the requested records at the lowest possible cost.

Mecklenburg County Public Schools will not impose any extraneous, intermediary or surplus fees or expenses to recoup the general costs associated with creating or maintaining records or transacting the general business of the schools. Any duplicating fee charged by Mecklenburg County Public Schools will not exceed the actual cost of duplication.

Prior to conducting a search for records, Mecklenburg County Public Schools notifies the requestor in writing that it may make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying, or searching for requested records and inquires of the requestor whether the requestor would like to request a cost estimate in advance of the supplying of the requested records as set forth in Va. Code § 2.2-3704.F. A requestor may request that Mecklenburg County Public Schools estimate in advance the charges for supplying the records requested. This will allow the requestor to know about any costs upfront, or give the requestor the opportunity to modify the request in an attempt to lower the estimated costs.

The requestor may have to pay for the records requested from the Mecklenburg County Public Schools. FOIA allows us to charge for the actual costs of responding to FOIA requests. This includes items like staff time spent searching for the requested records, copying costs or any other costs directly related to supplying the requested records. It does not include general overhead costs. Any costs incurred by the Mecklenburg County Public Schools in estimating the cost of supplying the requested records will be applied toward the overall charges to be paid by the requestor for the supplying of such requested records.

If we estimate that it will cost more than \$200 to respond to a request, we may require the requestor to pay a deposit, not to exceed the amount of the estimate, before proceeding with the request. The five days that we have to respond to the request does not include the time between when we ask for a deposit and when the requestor responds.

If a requestor owes us money from a previous FOIA request that has remained unpaid for more than 30 days, Mecklenburg County Public Schools may require payment of the past-due bill before it will respond to a new FOIA request.

REQUESTS FOR PUBLIC RECORDS

Mecklenburg County School Board is committed to full compliance with the Virginia Freedom of Information Act (FOIA) and processes all requests for public records in accordance with the following procedures.

Access to Records

1. When practicable, the following records are available on request at the central office:
School Board Minutes.
2. The Superintendent is the custodian of school system records. Unless otherwise specified by the Superintendent, inspection of records takes place at the central office of Mecklenburg County School Board during its regular office hours and records are not removed from that site.
3. Copies may be requested in lieu of or at the time of inspection, subject to the charges listed below in section labeled "Processing of Requests."

Nonexempt records maintained in an electronic database are produced in any tangible medium or format identified by the requester that is regularly used in the ordinary course of business by Mecklenburg County School Board, including posting the records on a website or delivering the records through an electronic mail address provided by the requester.

4. One of the following forms of photo identification must be presented, or a photocopy thereof must be provided, before any person shall be allowed to inspect any records or receive copies of any records:
 - Press identification identifying requestor as a representative of a newspaper or magazine with circulation in the Commonwealth, or of a radio or television station broadcasting in or into the Commonwealth,
OR
 - Driver's License or other official photo identification showing that requestor is a citizen of the Commonwealth.
5. The Superintendent or the FOIA Officer is present during inspection or copying of records. A record of each inspection is made, using form KBA-F2 Record of Inspection and/or Delivery of Copies.

Request Procedures

1. Requests for access to records shall be made with reasonable specificity.
2. Requests shall be directed to the Mecklenburg County Public Schools FOIA Officer at:
Paula Giammatteo
P. O. Box 190 Boydton, Virginia 23917
pgiammatteo@mcpsweb.org
434-738-6111 Ext. 21027
FAX: 434-500-6069

3. Requesters should make their requests using Form KBA-F1 Request for Public Records. Requests received via telephone are transcribed onto Form KBA-F1 Request for Public Records by school board staff.

Written requests other than on Form KBA-F1 Request for Public Records are appended to a copy of the form by staff, who fill out as much of the form as possible.

4. Building office personnel shall provide Form KBA-F1 Request for Public Records and a copy of this regulation upon request to any person interested in obtaining access to records, and shall instruct the requester to direct the request to the FOIA Officer.

Telephone inquiries are redirected to the FOIA Officer.

Any written requests received by building personnel are immediately forwarded to the FOIA Officer with a notation indicating the date and time the request was received.

Responding to Requests

1. Promptly, but in all cases within five working days of receiving the request, the school division provides the requested records to the requester or makes one of the following responses in writing:
 - (a) The requested records are being entirely withheld. The response will identify with reasonable particularity the volume and subject matter of the withheld records, and, with respect to each category of withheld records, cite the specific Virginia Code section(s) or other law that authorizes the withholding of the records.

- (b) The requested records are being provided in part and are being withheld in part. The response will identify with reasonable particularity the subject matter of the withheld portions and cite, with respect to each category of withheld records, the specific Virginia Code section(s) or other law which authorizes the withholding of the records. When a portion of a requested record is withheld, the school division deletes or excises only that portion of the record to which an exemption applies and releases the remainder of the record.
- (c) The requested records could not be found or do not exist. If the school division knows that another public body has the requested records, the response includes contact information for the other public body.
- (d) It is not practically possible to provide the records or to determine whether they are available within the five-day period. Such response specifies the conditions which make a response impossible. If the response is made within five working days, one of the preceding responses is provided within an additional seven-day period.

The school division may petition the appropriate court for additional time to respond to a request for records when the request is for an extraordinary volume of records or requires an extraordinarily lengthy search and a response within the time outlined above will prevent the school division from meeting its operational responsibilities. Before proceeding with the petition, the school division will make reasonable efforts to reach an agreement with the requester concerning the production of the records requested.

2. The five-day period begins on the first working day following the day the request is received by the FOIA Officer and ends at the close of business on the fifth working day following receipt of the request. Any time that elapses between the time the requester is notified of an advance cost determination pursuant to the procedures detailed below and the time that the requester responds to that notice is not counted in calculating the five working days.

Processing of Requests

1. The Superintendent and/or FOIA Officer, after receiving a request, promptly makes an initial determination as to whether the requested records will be provided to the requester, will be withheld, either completely or in part, or if it is practically impossible to provide the requested records or to determine whether they are available within five days.
2. If the Superintendent and/or FOIA Officer is unsure whether the requested documents should be provided to the requester, legal advice is promptly sought.
3. If the Superintendent and/or FOIA Officer is uncertain whether the requested records exist or where they may be located, efforts are promptly initiated to locate the records or determine whether they exist.

4. If the requested records will be made available either in whole or in part, the FOIA Officer promptly consults with School Board staff to determine the cost involved to assemble the records for inspection and copying. Where portions of individual records must be redacted prior to inspection and copying, the cost of doing this is taken into account. The following costs are charged at the rates indicated, not to exceed actual cost:
 - Staff member search time, will be charged on actual number of minutes involved. Depending on the staff member(s) involved in the search, hourly rates are determined by the salary and then prorated according to the number of minutes involved (hourly rates can range from \$22.00 to \$92.00).
 - Photocopies and Computer printouts (including those necessary to perform redactions), will be charged at the rate of **.50** cents per page.
 - Incidental out-of-pocket costs necessary to assemble the records (for example: postage, courier charges, etc.) will be charged actual costs for the division.
5. If the requester has asked for an advance determination of the cost, or if the cost is expected to exceed \$200, the requester shall be notified in advance of the cost associated with the request. If the cost of the request is determined to exceed \$200, the School Board may, before continuing to process the request, require the requester to agree to payment of a deposit not to exceed the amount of the advance determination. The deposit shall be credited toward the final cost of supplying the requested records. No further action shall be taken until the requester responds, and the requester must agree to pay the estimated amount before any further processing of the request is performed.
6. Before processing a request for records, the FOIA Officer may require the requester to pay any amounts owed to the school board for previous requests for records that remain unpaid 30 days or more after billing.
7. If school division records have been transferred to any entity, including any other public body, for storage, maintenance or archiving, the school division remains the custodian of the records for purposes of responding to requests and is responsible for retrieving and supplying the records to the requester.
8. Any records to be disclosed are assembled for inspection and copying by school board staff, under the direction and supervision of the FOIA Officer.

9. The Superintendent and/or FOIA Officer is responsible for recording the date the request was received, verifying photo identification and signature, and recording and assembling additional information about the request as indicated on Form KBA-F1 Request for Public Records.

PUBLIC PARTICIPATION AT SCHOOL BOARD MEETINGS REGULATIONS

The Mecklenburg County School Board welcomes public comment during regular meetings and during public hearings. School Board members do not respond to public comment during the meetings or hearings. School Board members are available to meet with members of the public independently, outside of scheduled meetings and hearings. In addition, the Board reviews letters and emails sent to the School Board.

Time: The Board may allow up to one hour for public comment following all Board Committee reports at regular meetings and public hearings, except that a motion to extend the time shall be in order and a majority vote by the School Board members present shall be necessary to carry the motion. If there are a large number of speakers, the Board may limit the total time for comment and/or may reduce the time allotted for each speaker. Each speaker may speak for up to six minutes, except that a motion to extend the time shall be in order and a majority vote by the School Board members present shall be necessary to carry the motion. A timer is used to time all remarks and speakers should conclude their remarks when the buzzer sounds. Only individuals signed up to speak will be allowed to address the School Board. Time may not be “yielded” to other speakers.

Topics: Speakers may address an item on a School Board agenda or may address an item not on the agenda; however, all comments should address a matter related to Mecklenburg County Public Schools. The School Board will not hear public comment that involves a complaint about an individual staff member, a personnel action, a student disciplinary matter, a complaint about an individual student, or pending litigation.

Signing up to Speak: Speakers who want to address any school related matter may make his/her request prior to the beginning of the School Board meeting by signing up for public comment on a sheet provided at the Board Room entrance. Speakers will be called in the order in which they sign up. Speakers may not speak more than once on a specific topic. Speakers who wish to speak on more than one topic must submit a separate request for each item.

Addressing the Board: Upon recognition by the Board Chairman, the speaker addressing the School Board should clearly state his/her name, address and the subject of his/her remarks. The Speaker should address the Chairman. All requests for facilities use involving third parties must be referred to the Executive Director of Facilities and Operations, who coordinates Mecklenburg County Public Schools facilities use requests. All potential facility users must complete the Mecklenburg County Public Schools Facilities Use Form (KG-R2) and must submit the completed form to the Executive Director of Facilities and Operations or designee at least twenty (20) working days before the proposed event. Approved users of facilities shall be charged a building usage fee as authorized by MCPS Policy and Regulation to offset facility costs as well as personnel cost(s) as outlined below.

Alcohol, Drugs, and Smoking Prohibited

The use of alcoholic beverages and illegal drugs is prohibited in all Mecklenburg County Public School facilities at all times. In accordance with the Clean Air Act, smoking, including the use of e-cigarettes, is prohibited in and on all Mecklenburg County Public School facilities.

Facilities Use by School Groups

Use of Mecklenburg County Public School buildings and grounds by school groups for educational purposes after school hours shall be scheduled and coordinated by the relevant building principal or his/her designee and the Executive Director of Facilities and Operations according to policies and regulations of Mecklenburg County Public Schools.

Facilities Use by Non-Mecklenburg County Public School Groups

Use of Mecklenburg County Public Schools buildings and grounds by non-school groups shall be governed by the following:

1. Written Request Required and Insurance

Organizations may request the use of the school buildings and grounds if the program is of a: cultural, sports, or educational nature. Permission to use the buildings and grounds by such groups shall be granted with the initial approval of the Executive Director of Facilities and Operations only after a Facilities Usage Form (KG-R2) and Certificate of Insurance (naming Mecklenburg County Public Schools as an "additional insured") is provided no fewer than twenty (20) working days prior to the activity. The insurance policy must be for at least \$1,000,000 liability and injury requested for the event. The Executive Director of Facilities and Operations may require additional insurance coverage for events judged to be high-risk. In the event of repeated use of the facility, a new Facilities Usage Form (KG-R2) and new Certificate of Insurance must be resubmitted each six months for renewal. Failure to provide the Facilities Usage Form (KG-R2) and Certificate of Insurance within twenty (20) days of the event will result in the denial of the facilities use request.

For-Profit Organizations whose purpose/mission and for reasons of use of the facilities is in violation of any Mecklenburg County Public Schools policy, regulation, or procedure are not eligible to request the use of the school facilities.

2. Personnel/Staffing Requirements

A school district employee will be assigned each event requested (see Rental Fees). The superintendent reserves the right to charge the facilities user with expenses for actual time MCPS employees spend monitoring, supervising, operating equipment, and cleaning up following an event in order to return the facilities to their normal condition (see Rates).

- a. **Custodial Staff:** Outside of regular custodial hours, a custodial staff member or designee shall be on duty for all non-school activities for any group/event. The minimum time for a custodian will be five hours as they must come in prior to an event and work after the event. The presence of the employee on duty does not relieve the facilities user of responsibility for any damage done to the property.
- b. **Employee Volunteers Prohibited:** MCPS employees shall not be permitted or requested to volunteer their services for these purposes.
- c. **Security Personnel:** Law enforcement supervision may be required at the direction of the Executive Director of Facilities and Operations. In such instances, the facilities user must arrange for security with confirmation provided to the Executive Director of Facilities and Operations or their designee prior to the event/activity. The law enforcement unit shall bill the facilities user directly for such services.

3. Equipment and Special Fees

School kitchens are NOT available for outside group usage. A service fee shall be assessed and collected for athletic field lights, stage lights, spotlights, sound system, and other technical equipment which may be rented by the facilities user, and for the technician appointed by the Executive Director of Facilities and Operations or their designee(s) to operate the equipment in question. The superintendent reserves the right to subsequently charge the facilities user for any required special trash pick-up required after an event. Pianos may NOT be used or moved unless under the authorization and/or supervision of the Executive Director of Facilities and Operations or their designee. The charge for the use of the piano and of persons to operate lights will be determined annually. Special fees may be incurred in addition to the space rental and custodial fees.

4. Deposit and Full Payment

An advance, non-refundable deposit of fifty (\$50.00) is required twenty (20) calendar days in advance of the facility's use date. Payment of the balance is due five (5) business days before the date of the use of the facilities. The fifty (\$50.00) non-refundable deposit will be credited toward the total amount charged for the use of the facilities. In the event that payment is not made in accordance with the terms stated herein, MCPS may exercise its legal rights to recoup any sums due and owing, including, without limitation, any late charges, interest, attorney's fees, and/or any other litigation-related expenses or costs incurred in the collection of monies owed. The forfeiture of reservation and deposit may occur if the payment balance is not received at least five (5) business days prior to the scheduled event.

These reduced fees are based on nominal operational costs as determined by Mecklenburg County Public Schools. This grandfather clause shall end should either/both entities discontinue any/all of their programs at either of the before mentioned facilities, or until these facilities revert back to the Mecklenburg County Board of Supervisors.

7. Facilities Hours

Generally, MCPS shall make its facilities available for use by outside organizations Mondays through Fridays from 4:00 p.m. until 9:30 p.m. and on Weekends from 7:00 a.m. to 10:00 p.m.

PUBLIC GIFTS TO THE SCHOOLS

The Board in addition to the regular settlement it is required to make of all school funds, settles annually before the commissioner of accounts so far as the management of the property bequeathed or devised is concerned.

In the case of any change in the boundaries of the division, the Board shall make provision for continuing the fulfillment of the purposes of the donor as far as practicable and settlement shall be made as provided for above.

SCHOOL VISITORS

Generally

Visitors are welcome in the schools as long as their presence is not disruptive. Upon arriving at a school, all visitors must report to the administrative office. Potential visitors, including parents, who are registered sex offenders, should consult Policy KN Sex Offender and Crimes Against Minors Registry Information before arriving at school property or school sponsored activities. The school division expects mutual respect, civility and orderly conduct from all individuals on school property and at school events. Unauthorized persons, including suspended and expelled students, will be requested to leave school grounds by the building administrator. Unauthorized persons who fail to leave the school grounds or school activity as requested will be considered trespassers. The School Board authorizes the superintendent to take all necessary actions regarding the safety, order and preservation of the educational environment on School Board property or at school division sponsored activities. Law enforcement may be called to enforce this policy.

Anyone, including students, who enters a school at nighttime without the consent of an authorized person except to attend an approved meeting or service or who enters or remains on any school property, including school buses, in violation of (i) any direction to vacate the property by an authorized individual or (ii) any posted notice which contains such information, posted at a place where it reasonably may be seen may be prosecuted.

Parents

Parents are encouraged to visit the schools on scheduled days for conferences with teachers, assemblies, PTA meetings, volunteer service and other school programs. Noncustodial parents are not denied, solely on the basis of their noncustodial status, the opportunity to participate in any of the student's school or day care activities in which such participation is supported or encouraged by the policies of the School Board.

Board Members

Periodically, Board members may visit schools within the division. The purpose of these visits is to maintain contact with building employees and increase understanding of actual educational practices. School Board members follow the same procedures applicable to all other visitors when visiting a school.

SERVICE ANIMALS IN PUBLIC SCHOOLS

A. Service Animals

An individual with a disability is permitted to be accompanied by the individual's service animal on school property when required by law, subject to the conditions of this policy.

A "service animal" means a dog that has been individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. (See, however, Section D regarding miniature horses.) The work or tasks performed by a service animal must be directly related to the individual's disability.

School officials can ask the owner or handler of an animal whether the animal is required because of a disability and what work or task the animal has been trained to do unless the answers to these inquiries are readily apparent. School officials may not ask about the nature or extent of a person's disability and may not require documentary proof of certification or licensing as a service animal.

B. Requirements That Must be Satisfied Before a Service Animal Will be Allowed on School Property

Vaccination: The service animal must be immunized against diseases common to that type of animal.

Health: The service animal must be in good health.

Control: A service animal must be under the control of its handler at all times. The service animal must have a harness, backpack or vest identifying the dog as a trained service dog, a leash (blaze orange in color) for hearing dogs, a harness for guide dogs, or other tether unless either the handler is unable because of a disability to use a harness, backpack, vest, leash, or other tether, or the use of a harness, backpack, vest, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control.

C. Service Dogs in Training

Experienced trainers of service animals may be accompanied on school property by a dog that is in training to become a service animal. The dog must be at least six months of age. Trainers must wear a jacket identifying the organization to which they belong. Persons conducting continuing training of a service animal may be accompanied by a service animal while on school property for the purpose of school business. Persons who are part of a three-unit service dog team may be accompanied by a service dog while on school property provided that person is conducting continuing training of a service dog. A three-unit service dog team consists of a trained service dog, a disabled person, and a person who is an adult and who has been trained to handle the service dog. The dogs may accompany these persons while on school property for school purposes.

Use of Harnesses, Vests, etc. A dog that is in training to become a guide dog or a currently trained guide dog that is undergoing continuing training must be in a harness.

A dog that is in training to become a hearing dog or a currently trained hearing dog that is undergoing continuing training must be on a blaze orange leash.

A dog that is in training to become a service dog or a currently trained service dog that is undergoing continuing training must be in a harness, backpack, or a vest identifying the dog as a trained service dog.

The training cannot disrupt or interfere with a school's educational process. It is expected that training would not normally take place in the classroom during instructional time.

All requirements of this policy which apply to service animals, such as annual written requests, and supervision, care and damages, also apply to dogs in training.

D. Miniature Horses

The school division will make reasonable modifications in policies, practices, or procedures to permit the use of a miniature horse by an individual with a disability if the miniature horse has been individually trained to do work or perform tasks for the benefit of the individual with a disability. In determining whether reasonable modifications in policies, practices, or procedures can be made to allow a miniature horse into a specific

1. The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
2. Whether the handler has sufficient control of the miniature horse;
3. Whether the miniature horse is housebroken; and
4. Whether the miniature horse's presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.

All additional requirements outlined in this policy, which apply to service animals, also apply to miniature horses.

E. Extra Charges

The owner or handler of a service animal cannot be required to pay an admission fee or a charge for the animal to attend events for which a fee is charged.

F. Supervision and Care of Service Animals

The owner or handler of a service animal is responsible for the supervision and care of the animal, including any feeding, exercising, and clean up.

G. Damages to School Property and Injuries

The owner or handler of a service animal is solely responsible for any damage to school property or injury to personnel, students, or others caused by the animal.

H. Removal of Service Animals From School Property

A school administrator can require an individual with a disability to remove a service animal from school property under the following circumstances:

1. The animal is out of control and the animal's handler does not take effective action to control it;
2. The animal is not housebroken;
3. The presence of the animal poses a direct threat to the health or safety of others; or
4. The presence of an animal would require a fundamental alteration to the service, program, or activity of the school division.

If the service animal is removed, the individual with a disability shall be provided with the opportunity to participate in the service, program, or activity without the service animal.

I. Denial of Access and Grievance

If a school official denies a request for access of a service animal or a dog in training, the disabled individual or parent or guardian can file a written grievance with the school division's Section 504 Coordinator.

PUBLIC COMPLAINTS

Complaints involving a particular school are handled within the school through the established channel of responsibility. If the complaint cannot be resolved at the level of the principal, it is referred to the superintendent or superintendent's designee. If the central office staff and complainant cannot reach a satisfactory solution, the matter may, at the School Board's discretion, be heard at a regular board meeting.

Any parent, custodian, or legal guardian of a pupil attending the Mecklenburg County public schools who is aggrieved by an action of the School Board may, within thirty days after such action, petition the local circuit court to review the action of the School Board. The court will sustain the action of the School Board unless the School Board exceeded its authority, acted arbitrarily or capriciously or abused its discretion.

(Option 2)

PUBLIC COMPLAINTS ABOUT LEARNING RESOURCES

Despite the care taken in selecting suitable learning resources, and despite the qualifications and expertise of persons involved in that selection process, it is recognized that occasional objections to materials will be made by the public. It is, therefore, the policy of the School Board to provide channels of communication and a fair procedure for members of the community to follow in expressing and resolving concerns about learning resources, including instructional materials, used in teaching the curriculum.

Complaints about learning resources should be presented in writing using KLB-E, "Request for Reconsideration of Learning Resources" form, which may be obtained from the principal or the central office. The standards and procedure for review shall be consistently applied in recognition of the respective rights and responsibilities of all concerned. Materials shall be considered for their educational suitability and shall not be proscribed or removed because of partisan or doctrinal disapproval. Challenges which are not resolved at the building level may be submitted to the superintendent or superintendent's designee. The decision of the superintendent may be appealed to the School Board or reviewed at the School Board's request. The decision of the School Board will be final.

SEX OFFENDER AND CRIMES AGAINST MINORS REGISTRY INFORMATION

Generally

Each school in the division registers with the Department of State Police to receive electronic notice of the registration, reregistration, or verification of registration information of any person required to register with the Sex Offender and Crimes Against Minors Registry (the Registry) within the division.

The superintendent establishes procedures regarding the use and distribution of information received from the Registry. Information received from the Registry may not be used to intimidate or harass.

The superintendent notifies the parent of each student enrolled in the school division of the availability of information in the Registry and the location of the website.

Visitors to Schools

When the school division learns that a parent, other than a parent who has been convicted of a Tier III offense as defined in Va. Code § 9.1-902, of an enrolled student is required to register with the Registry, the parent is notified in writing that he or she is barred from being present at school or at school functions without the express written approval of the student's principal. Such approval must be obtained in advance of the proposed visit and will state the conditions under which the parent may be present. When such a parent is permitted at school or at school functions the parent is monitored to ensure that he or she does not come into contact with any children other than the parent's own children.

When the school division learns that any person other than the parent of an enrolled student, who is required to register with the Registry, but who has not been convicted of a Tier III offense, as defined in Va. Code § 9.1-902, seeks to be present at school or at school functions, the person is notified in writing that he or she is barred from being present at school or school functions without the express written approval of the principal of the school the person seeks to visit or which sponsors the event the person seeks to attend. Such approval must be obtained in advance of the proposed visit and, if obtained, will state the conditions under which the person may be present. One of the conditions will be that the person will be monitored to ensure the safety of students, staff, and others.

Principals consider requests to be present at school or at school sponsored activities from all persons who are required to register with the Registry but have not been convicted of a Tier III offense as defined in Va. Code § 9.1-902 in accordance with procedures established by the superintendent.

No adult who has been convicted of a Tier III offense, as defined in Va. Code § 9.1-902, may enter or be present during school hours, and during school-related or school-sponsored activities on any property the person knows or has reason to know is a school or child day center property, school bus, or on any property, public or private, when such property is solely being used by an elementary or secondary school for a school-related or school-sponsored activity unless

- the person is a lawfully registered and qualified voter and is coming upon such property solely to vote;
- the person is a student enrolled at the school; or
- the person has obtained a court order pursuant to Va. Code 18.2-370.5.C allowing the person to enter and be present upon such property, has obtained the permission of the School Board or its designee for entry within all or part of the scope of the lifted ban, and is in compliance with the School Board's terms and conditions and those of the court order.

RELATIONS WITH LAW ENFORCEMENT AUTHORITIES

Investigations by Law Enforcement Officers at School

When it becomes necessary for any law enforcement officer to interrogate a student on school premises, the principal is contacted immediately. The principal or principal's designee makes a reasonable effort to contact the parent or guardian and have the parent or guardian in attendance for the interrogation. If the parent or guardian cannot be present for the interrogation, then the principal or principal's designee is present throughout the interrogation.

Service of Process at School

Should there be a need to serve a student or school employee with any "legal process", the School Board encourages the process server to make all reasonable attempts to serve such documents off school premises; however, if the documents must be served on school premises, they should be served at the principal's office of the school which the student attends or the main office of the facility at which the employee is assigned.

In any case in which custody or visitation of a minor child is at issue and a summons is issued for the attendance and testimony of a teacher or other school employee who is not a party to the proceeding, if such summons is served on school property, it may be served only by a sheriff or his deputy.

Development of Programs

The superintendent seeks to develop, in cooperation with the local law-enforcement agencies, juvenile and domestic relations court judges and personnel, parents, and the community at large, programs and procedures to prevent violence and crime on school property and at school-sponsored events. The superintendent obtains and uses Sex Offender Registry information in accordance with Policy KN Sex Offender and Crimes Against Minors Registry Information.

Report to Law Enforcement Officials

Except as may otherwise be required by federal law, regulation or jurisprudence, the principal immediately reports to the local law-enforcement agency all incidents involving alcohol, marijuana, a controlled substance, an imitation controlled substance, or an anabolic steroid on a school bus, on school property, or at a school-sponsored activity, including the theft or attempted theft of student prescription medications that may constitute a felony offense.

Except as may otherwise be required by federal law, regulation or jurisprudence, the principal immediately reports to the local law-enforcement agency all incidents involving

- the sexual assault, death, shooting, stabbing, cutting, or wounding of any person, abduction of any person as described in Va. Code § 18.2-47 or § 18.2-48, or stalking of any person as described in Va. Code § 18.2-60.3, on a school bus, on school property, or at a school-sponsored activity;
- any written threats against school personnel while on a school bus, on school property, or at a school-sponsored activity;
- the illegal carrying of a firearm, as defined in Va. Code § 22.1-277.07, onto school property;
- any illegal conduct involving firebombs, explosive materials or devices, or hoax explosive devices, as defined in Va. Code § 18.2-85, or explosive or incendiary devices, as defined in Va. Code § 18.2-433.1, or chemical bombs, as described in Va. Code § 18.2-87.1, on a school bus, on school property, or at a school-sponsored activity; and
- any threats or false threats to bomb, as described in Va. Code § 18.2-83, made against school personnel or involving school property or school buses

except that a principal is not required to but may report to the local law-enforcement agency any incident involving any written threats against school personnel while on a school bus, on school property, or at a school-sponsored activity committed by a student who has a disability.

Except as may otherwise be required by federal law, regulation or jurisprudence, the principal may report to the local law-enforcement agency any incident described in Va. Code § 22.1-279.3:1.A that is not required to be reported pursuant to the two previous paragraphs.

If the local law-enforcement agency employs school resource officers, the School Board and the agency have a memorandum of understanding that sets forth the powers and duties of the school resource officers. The memorandum of understanding addresses the use of seclusion and restraint by law enforcement personnel in school settings. The School Board and the law-enforcement agency review and amend or affirm the memorandum of understanding at least once every two years or at any time upon the request of either party. The School Board provides notice and an opportunity for public input during each review period for the memorandum of understanding. The current memorandum of understanding is conspicuously published on the division website.

REPORTS OF MISSING CHILDREN

The Mecklenburg County School Division shall receive reports of the disappearance of any child living within the school division from local law enforcement pursuant to Va. Code § 52-31.1.

Upon notification by a local law-enforcement agency of a child's disappearance, the principal of the school in which the child was enrolled at the time of the disappearance shall indicate, by mark, in the child's cumulative record that the child has been reported as missing. Upon notification by law enforcement that the child is located, the principal shall remove the mark from the record.

Upon receiving a request from any school or person for copies of the cumulative records and birth certificate of any child who has been reported by a local law-enforcement agency to be missing, the school being requested to transfer the records shall immediately notify the law-enforcement agency that provided the report to the school of the child's disappearance of the location of the school or person requesting the cumulative records and birth certificate of the child, without alerting the requestor of such report.

For the purposes of this policy, a "mark" means an electronic or other indicator that (i) is readily apparent on the student's record and (ii) will immediately alert any school personnel that the record is that of a missing child.

PARENTAL RIGHTS AND RESPONSIBILITIES

All staff members respect the parental rights of both parents. Unless there is a law, legally binding document, or court order to the contrary, both parents have the right to

- inspect and review the child's school records, in accordance with Policy JO Student Records;
- visit the school in accordance with Policies KK School Visitors and KN Sex Offender and Crimes Against Minors Registry Information.
- receive all notifications required by law.

Parent Responsibilities

The custodial parent has the responsibility to

- keep the school office informed of the parent's address and how the parent may be contacted at all times;
- provide the current address and phone number of the noncustodial parent at registration unless such address is unknown and the custodial parent signs a statement to that effect, or unless a court order restricts the educational or contact rights of the noncustodial parent; and
- provide a copy of any legal document which restricts the educational and/or contact rights of the noncustodial parent.

The noncustodial parent has the responsibility to keep the school office informed of changes in the parent's phone number and address. At the request of a noncustodial parent, such parent will be included as an emergency contact for the student's activities unless a court order has been issued to the contrary.

COMMERCIAL, PROMOTIONAL AND CORPORATE SPONSORSHIPS AND PARTNERSHIPS

Generally

The MECKLENBURG COUNTY PUBLIC SCHOOLS School Board recognizes that corporate and other private sponsorship of programs and activities related to education can provide valuable enhancement of the educational program offered by the Board. For that reason, the MECKLENBURG COUNTY PUBLIC SCHOOLS School Board may enter into commercial, promotional and corporate sponsorship and partnership arrangements under certain conditions.

Definitions

An “educational partnership” is a mutually beneficial, co-operative relationship in which partners share values, objectives and/or human or financial resources to enhance learning for students.

An “educational sponsorship” is an arrangement pursuant to which the sponsor provides money, price reductions, equipment, materials, services or other benefits in exchange for recognition of its products or entity for a specified period of time.

Authority to Enter into Agreements

On behalf of the School Board, principals may enter into sponsorships and partnerships for their schools when the sponsorship or partnership does not extend beyond a single school year or exceed \$5,000 in value to the school.

On behalf of the School Board, the superintendent may enter into sponsorships and partnerships which will benefit more than one school or the division as a whole. The superintendent may also enter into sponsorships and partnerships when the sponsorship or partnership extends beyond a single school year or exceeds \$5,000 in value.

The School Board may create a Sponsorship Review Committee to approve any sponsorship or partnership which the Board determines should be considered by the Committee. The School Board shall establish criteria identifying proposed sponsorships and partnerships which must be approved by the Committee rather than by a principal or the superintendent. If the Committee’s decision regarding the proposed sponsorship or partnership is not unanimous, the decision may be appealed to the School Board by either the potential sponsor or partner or by a member of the Sponsorship Review Committee.

Requirements

Any agreement to enter into an educational sponsorship or educational partnership will be in writing.

The written agreement shall include:

- A statement of the educational purpose for the relationship.
- A statement that the School Board has the right to terminate the agreement without penalty if it determines that the agreement is having an adverse impact on the educational experience of students.
- A statement that if an agreement is terminated because of an adverse impact on the educational experience of students, no other agreement for an educational partnership or sponsorship will be entered into between the School Board and the partner or sponsor whose agreement has been terminated for a specified period of time.
- A statement detailing the specific benefits to the school or school division from the agreement.
- A statement clearly defining the roles, expectations, rights, and responsibilities of all parties to the agreement. This statement shall include a statement of whether the agreement permits the sponsor or partner to advertise in connection with the agreement and, if so, the extent of such advertising.
- A statement clearly defining whether the agreement creates any exclusive rights for the sponsor or partner and, if such rights are created, clearly defining those rights. If no exclusive rights are created, the agreement shall include a statement that the existence of the sponsorship or partnership will not limit the discretion of the School Board or its personnel in the use of sponsored or nonsponsored materials.
- The duration of the agreement.
- A statement that the school or School Board retains the exclusive right to authorize the use of its name, logo, or other similar information.
- A statement that the school or School Board must approve its identification as a partner or co-sponsor in all publicity materials.
- A statement of the monetary value to be received by the school or school division pursuant to the agreement.
- A statement defining how the benefits arising from agreement will be distributed.
- A statement of the basis on which students will be permitted to participate in the program or otherwise benefit from the agreement.
- A statement that the sponsor or partner assumes the responsibility for obtaining the consent of any student or School Board employee whose likeness may appear in any materials disseminated by the partner or sponsor.

- A statement disclosing any relationship between the sponsor or partner, or any of its employees or major stockholders, and any student, School Board employee, School Board member, or the superintendent.
- A statement that all partnerships and sponsorships will be consistent with all federal and state laws, local ordinances, school division policies and regulations, and all preexisting School Board contracts. If the terms of the partnership or sponsorship agreement establish that the employees, contractors or others acting on behalf of the partner or sponsor will have direct contact with students on school property during regular school hours or during school-sponsored activities, the sponsor or partner must certify that all such persons have not been convicted of any violent felony set forth in the definition of barrier crime in subsection A of Va. Code § 19.2-392.01; any offense involving the sexual molestation or physical or sexual abuse or rape of a child, or any crime of moral turpitude.
- A statement that if the terms of the partnership or sponsorship agreement establish that the employees, contractors, or others acting on behalf of the partner or sponsor will have direct contact with students on school property during regular school hours or during school-sponsored activities, the individuals acting on behalf of the partner or sponsor may have been convicted of any felony or crime of moral turpitude that is not set forth in the definition of barrier crime in subsection A of Va. Code § 19.2-392.02 and does not involve the sexual molestation, physical or sexual abuse, or rape of a child, provided that in the case of a felony conviction, the individual's civil rights have been restored by the Governor.
- A statement that no partnership or sponsorship shall exploit any student or School Board employee.
