SUPERINTENDENT'S MESSAGE

It is my hope that the 2023-2024 school year offers to each student and their parents a renewed opportunity of learning and personal growth. Our teachers and staff are committed to providing the knowledge and experiences that will best prepare our students to obtain their potential as a scholar and citizen. We are in the process of renovating, or rebuilding our three older elementary schools: Clarksville Elementary (re-opening in the Fall of 2025), Chase City Elementary (with a hopeful re-opening in the Fall of 2027, and LaCrosse Elementary (with a hopeful opening of a new facility in the Fall of 2029)

This handbook outlines in significant detail the expectations and opportunities that are available to our middle school students. We ask that each parent and guardian take time to read through it thoroughly to understand the opportunities and expectations for our students. Please let us know if you have any questions.

We look forward to working in partnership with you to secure the best education possible for your child.

Respectfully,

Through our core academic and CTE programs, students will be exposed to a variety of career pathways that will help them develop their personal interests into future career opportunities. Students will also have a variety of clubs, athletics, and community service opportunities to help them grow as well-rounded individuals.

It is truly an honor to serve such a talented student population, alongside a dynamic staff, with the support of our outstanding parents and community members. Together as one, we will do amazing things this year. We are glad to have you as part of TEAM PHOENIX!

Sincerely,

Dr. Jonathan A. Dixon
Principal
Mecklenburg County Middle School

PROFILE OF A MECKLENBURG GRADUATE

In order to meet the twenty-first century demands of our current society, it is important to incorporate the 5 C's into daily instruction as frequently as possible. This will encourage students to think critically in order to problem solve and work collaboratively to make positive impacts in whichever field they pursue after graduating from high school. The 5C's are critical thinking, creative thinking, collaboration, communication, and citizenship.

1. Students will develop problem-solving and **critical-thinking skills**.
2. Students will use **natural curiosity and creativity** to explore possibilities and take intellectual risks.
3. Students will **collaborate** with others to contribute and initiate new ideas, to listen and cooperate, and to build trust and provide support.
4. Students will demonstrate **effective communication skills** and competency in language arts, mathematics, science, and social sciences.
5. Students will develop and demonstrate behaviors that **show respect** and **appreciation for themselves** and others to prepare them to become **productive citizens**.

SUCCESSFUL STUDENTS

To be a successful 21st Century future-ready student at Mecklenburg County Public Schools, students are expected

- To be on time and present at school each day.
- To have regular classroom attendance and to be prepared to learn.
- To be responsible for their behavior – a student chooses how they react to different events and situations.
- To understand that inappropriate/disruptive classroom behavior interferes with teaching and learning.
- To respect the feelings and rights of others.
- To refrain from the use of physical force or the threat of physical force.
- To do what the teacher or adult in the building reasonably requests.
- To be aware of and follow all school and district rules and procedures.
- To refrain from using profanity and other offensive language and behavior.
- To be a student leader.
- To be an active learner, including completing homework, projects, etc. .

MIDDLE SCHOOL PHILOSOPHY

The middle school years are a very dynamic, yet critical time for our students. During these years, our students will transform physically, intellectually, emotionally, social, and psychologically. This is a great deal of change in such a short period of time. In the midst of all of these changes, middle school must be a positive experience filled with intellectual and personal growth. In order for middle school to be a positive experience for all students, the entire school community must share responsibility for the success of all students, academically, socially, and emotionally.

It is the goal of Mecklenburg County Middle School to provide a safe and caring learning environment that will serve the following purposes:

- Provide strong academic instruction and support that ensures all students grow
- Provide social and emotional supports and connections to community resources
- Exposure to multiple career paths through our CTE program
- Exposure to the fine and performing arts
- Exploration of different personal interests through student clubs, organizations, and athletics
- Exploration of higher education including technical and community colleges, and universities

Through this work, it is our goal that students will enter high school with a clear goal in mind. This will help them, their parents, and high school counselors make decisions about future instruction in preparation for future education and careers.

INTRODUCTION TO TEAM PHOENIX

Team Phoenix is made up of an amazing group of students, parents, teachers, and support staff. Below is a detailed list and description of each member of Team Phoenix!

Professional Teaching Staff

According to Virginia's Standards of Accreditation 20-131-220, "The professional teaching staff shall be responsible for providing instruction that is educationally sound in an atmosphere of mutual respect and courtesy..." Teachers are responsible for establishing and maintaining a safe, supportive environment that is developmentally and culturally appropriate and that promotes student academic, behavior, and social-emotional development. Developing positive relationships with students that are built on mutual trust and respect have been shown to demonstrate some of the highest positive effects on student achievement and behavior.

Developing relationships requires "specific skills of the teacher such as the skills of listening, empathy, caring, and having a positive regard for others." The impact of teacher-student relationship variables include gains in positive behavior, critical/creative thinking, math skills, verbal skills, and overall grades.

Because there is a correlation between student behaviors, positive school climate, and academic achievement, teacher responsibilities include:

- Developing positive relationships;
- Developing a safe and positive physical environment;
- Teaching (and reteaching when necessary) behavioral expectations;
- Reinforcing positive behavior;
- Providing instructional feedback on behaviors;
- Utilizing the school's tiered framework of interventions and supports for students who are not meeting behavioral expectations;
- Recognizing personal stress, reactions that may escalate negative student behavior, and personal bias; and
- Using individual and classroom data to progress monitor student behavior and the teacher's responses to behavior.

If a student is not meeting the behavioral expectations and the teacher has implemented classroom or school-based interventions as outlined in school procedures, the teacher may request that a student be removed from a class.

Paraprofessionals

Paraprofessionals are classified staff members who provide instructional support to students. They work with certified instructional staff or other school professionals. They may also provide support to help meet behavioral or social emotional needs. Paraprofessionals may work with students in and outside of the classroom setting.

Main Office Staff

The office staff provide secretarial assistance to the administration and serve as liaison between the school and students' families. They are responsible for managing student records, including enrollment records, daily attendance, and are the persons who will answer the phones, grant entry to visitors, screen visitors, and assist in the efficient operation of the school.

School Counselors

School counseling programs support the Virginia Standards of Learning by providing counseling services to students in their academic, career, personal, and social development. School counselors collaborate with parents, teachers, administrators, and others to promote learning and to help students establish and achieve their education, career, and personal goals using the following standards:

- Academic Development – Students will acquire the academic preparation essential to choose from a variety of educational, training, and employment options upon completion of secondary school.
- Career Development – Students will investigate the world of work in order to make informed career decisions.
- Social-Emotional – Students will acquire an understanding of, and respect for, self and others, and the skills needed to be responsible citizens.

- Nurses provide first aid and health assessments. They administer medication with parent permission and as prescribed by a doctor.
- Nurses manage care and safety for students with chronic conditions such as diabetes, asthma, seizures, and severe allergies. They implement and evaluate individual health care plans and consult for 504/IEPs for students that need additional medical support to be successful in school.
- Nurses coordinate and provide vision and hearing screenings per state recommendation and perform state mandated immunization review. They work with the Virginia Department of Health to manage communicable diseases and promote community health.
- Nurses collaborate with parents, administrators, teachers, counselors and other team members to ensure safety and well-being of students.
- Nurses educate and support parents and students with newly diagnosed conditions and encourage access to primary care and preventive services.

School Resource Officer (SRO)

Mecklenburg County Middle School is proud to have two School Resource Officers from the Mecklenburg County Sheriff's Office. The SRO works with students, parents, and staff in class presentations, group meetings, and individual conferences and are valuable members of the school safety team. The SRO works to develop a cooperative and supportive relationship with students and staff. The School Resource Officer assists the administration in investigating situations and has the authority to arrest individuals.

School Social Workers

School social workers "have special expertise in understanding family and community systems and linking students and their families with the community services that are essential for promoting student success.

- They work to remedy barriers to learning created because of poverty, inadequate health care, and neighborhood violence. School social workers often focus on providing supports to vulnerable populations of students who have a high risk for truancy and dropping out of school, such as homeless and foster children, migrant populations, students transitioning between school and treatment programs or the juvenile justice system, or students experiencing domestic violence.
- They work closely with teachers, administrators, parents, and other educators to provide coordinated interventions and consultation designed to keep students in school and help their families access the support needed to promote student success.

School Psychologists

School psychologists have specialized training that enables them to understand and work with students in relation to their academic progress, behavior, social-emotional development, and relationships. "School psychologists specialize in analyzing complex student and school problems and selecting and implementing appropriate evidence-based interventions to improve outcomes at home and school."

- They may consult with teachers and parents to coordinate services and supports for students' academic, social, and behavioral needs.
- Their training in conducting risk and threat assessments and in evaluation, data collection, and interpretation can facilitate identifying and implementing the supports that students may need to ensure their success.

Occupational Therapist

The School-based Occupational Therapists will evaluate and identify occupational needs of students. They will consult with teachers, parents and school personnel regarding the special needs/modifications of school tasks for students.

The home-based teachers coordinate with the school based teachers of the student to acquire all assignments/return upon student completion.

Home-Bound Teacher

Home-bound teachers educate students that are directed by their doctors to stay home due to medical needs. The home-bound teachers coordinate with the school based teachers of the student to acquire all assignments/return upon student completion.

Non-Certified Staff: Drivers, Custodians, Food Service, Paraprofessionals

There are many other members of Team Phoenix that keep our school running smoothly! Our drivers, custodians, food service personnel, and paraprofessionals help to ensure a safe, supportive, effective, and positive school climate is available for each and every student.

Families as Partners

Recognizing the partnership between schools and families in making schools safe, effective learning environments and in promoting the social-emotional development of children is important. Mecklenburg County Public Schools emphasizes the significance of positive communication between families and educators and encourages avenues for families to communicate their concerns, provide suggestions, and access information regarding their children to create a positive partnership between families and schools, thus strengthening the school community.

MCMS INFORMATION

(arranged alphabetically by topic)

ACADEMICS

Academic Dishonesty (Cheating)

MCPS believes that every student should be encouraged to be a responsible, trustworthy individual, capable of excelling to the best of their ability without cheating or plagiarism. A positive environment conducive to learning is provided, and students are encouraged to seek assistance from parents/guardians, teachers, and peers in an appropriate way when extra help is needed. Academic Dishonesty, however, is not acceptable at any secondary school. The consequences for academic dishonesty may be found in [Appendix E](#). Instances of academic dishonesty may result in the teacher assigning a grade of zero, a parent conference, and/or other disciplinary action.

Academic Gifted and Talented (GATE)

We recognize that students of exceptional ability have the right to an education commensurate with their unique abilities. These exceptional children require a differentiated academic program that considers individuals learning styles and unique capabilities. Mecklenburg County Public Schools is committed to identifying gifted students in kindergarten through grade twelve, and to provide these students with services that challenge them to expand their critical and creative thinking abilities.

Referral Process for GATE: Parents, teachers, administrators, and school staff may refer students. Referral forms may be obtained from the school counselor or GATE contact at each school. Referrals can be submitted throughout the school year. Referrals should be returned to the classroom teacher, school counselor, GATE contact or the Gifted and Talented Education Coordinator. The timeline for an eligibility decision on each case is 60 instructional days from the date received by the Gifted and Talented Education Coordinator.

Grading Procedures

Report cards will be issued at nine-week intervals. Students in grades 6-8 receive evaluations on a grade scale as follows:

A	90-100
B	80-89
C	70-79
D	60-69
F	Below 60

Grades will be available to parents through the parent portal throughout the nine weeks. Interim reports can be sent home to parents/guardians near the middle of each nine-week grading period upon request. An opt-out form will be sent home at the beginning of the year for you to choose whether or not you would prefer to receive a paper copy of the interim report. If you do not opt-out, you will automatically receive a paper copy. Interim reports are another form of communication between parents, teachers, and the school.

Standards of Learning (SOL's)

Using the link www.doe.virginia.gov, students and their parents can access the content standards for classes in which the student is enrolled. On the main page for Standards of Learning (SOL) & Testing, parents can find news and announcements, changes being made to student testing, and other relevant information regarding the state standards. Follow the instructions below to access this page and all information related to the State Standards (SOL's):

- Access the webpage for the Virginia Department of Education by entering the link listed above.
- On the homepage, look at the left column, find the label "Standards of Learning (SOL) & Testing," and click on it.
- On the Standards of Learning (SOL) & Testing page, all the subjects that have a standard are listed in the right column along with other assessment programs, assessment and accountability support, and resources.
- Click the subject you are interested in reviewing and it will take you to the subject page. Here you can find the state standards, the curriculum framework (how the standards are being taught), and the testing blueprint. There is also information on Virginia's College & Career Expectations and a comparison of the Common Core Standards and the Virginia SOL's.

Academic Extra-Credit

- Extra credit is not a requirement in any course nor should it be an expectation
- Teachers may provide students with extra-credit activities only if those activities are appropriately aligned with the Virginia Standard Course of Study, provide opportunities for academic enrichment, and enhance classroom instruction.
- Extra-credit activities should not be used to replace missing assignments.

Grade of Incomplete

An incomplete grade 'I' may be given to a student for a number of reasons. Students are required to complete the missing work that caused the 'I' and teachers are required to assign a grade other than 'I' prior to the end of the next grading period. If the missing work is not completed/made up, the mark of 'I' will revert to a mark of 'F'.

Honor Roll Requirements

"A/B" Honor Roll: No grade lower than a B

Principal's List: At the end of the year, eligible students are recognized for principal's list in grades 6-8. To be eligible for the principal's list, the student must not earn any grade below an "A" on the report card for the entire year. This includes grades in all classes and all "S" in conduct. The student must also be discipline free for the entire school year.

Graduation Requirements

The Virginia Department of Education provides the most current details for high school diploma requirements. This is important information to help guide students towards the most appropriate diploma. <http://www.doe.virginia.gov/instruction/graduation/index.shtml> More information can be found in the [Program of Studies](#).

Homebound Instruction

Homebound instruction shall be made available to students who are confined at home or in a health care facility for periods that would prevent normal school attendance (8VAC20-131-180). The term "confined at home or in a health-care facility" means the student is unable to participate in the normal day-to-day activities typically expected during school attendance; and, absences from home are infrequent, for periods of relatively short duration, or to receive health care treatment. Students receiving homebound instruction **MAY NOT** participate in any school activities, extracurricular activities, non-academic activities (such as field trips), or community activities.

Homework

Homework is an integral part of academic course work at Mecklenburg County Middle School and is viewed as practice for success. Students and parents should expect homework each night. As part of daily homework assignments, students are expected to be prepared for class discussion, assessments, and all other class exercises. Homework should reinforce student learning and teachers should provide feedback on homework.

Make-Up Work

Students are fully responsible for completing any missed assignments. Students have a maximum of five days to make up work missed during an excused period of absence. However, the period of time allowed to complete missed assignments may be extended at the discretion of the teacher. Specific make-up policies vary from course to course and will be made clear in the course syllabus. All teachers of the same course will follow the same make-up policy.

Promotion, Retention and Remediation Policies

It is our desire that students successfully complete each grade level and are promoted to the next each school year. Throughout the year, MCMS will make every effort to ensure that students are successful in their academic pursuits. This may include remediation during and/or after school. Students may be placed in remediation groups during school without permission from the parents as this is part of our instructional program. If a student is recommended for after school remediation by their teacher, the parent will be required to give consent for the student to stay after school hours.

Students who fail two or more core courses will be subject to retention in the current grade level. Parents will be notified at the beginning of the third marking period if a student is found to be in danger of retention. Based on mitigating circumstances, the principal reserves the right to place students in the next grade level, even if they meet the criteria for retention.

ACCIDENT/INJURY ON CAMPUS

It is MCPS's desire for everyone to be safe and injury-free while on our property or in our vehicles. From time to time, accidents do occur. Any accident that occurs on campus or in a vehicle should be immediately reported to the school administration. This goes for employees, visitors, and students, even if there is no apparent injury sustained. If an accident report is generated, it should be signed and returned as soon as possible to the school principal.

ADDRESS CHANGE/MOVING

Parents must notify the School Counseling Office when their home address changes. If families move out of Mecklenburg County, children are no longer eligible to attend Mecklenburg County Schools and will be withdrawn.

If a student moves, they must bring in 2 verifiable documents of proof of residency from the following.

- One proof of residency from: current utility bill (electric, water, gas, cable/satellite), voter registration, auto registration, payroll stub, personal property tax receipt, or W2, bank statements (2 months) **All have to be current within 3 months.**

An additional proof of residency from: mortgage statement, deed, sales agreement, tax bill, or lease agreement. If a student moves, they must bring in 2 proofs of residency from the following.

ATTENDANCE POLICY AND PROCEDURES

It is the policy of the Mecklenburg County School Board to do everything possible to encourage all children to attend school with regularity.

It is the legal responsibility of parents and guardians to ensure that students are in regular attendance for the entire school day. Failure to attend school and all classes on time will put students at a disadvantage in their studies as there is a close correlation between attendance and learning. Attendance is a discipline and legal matter and will be handled as such. Parents or guardians must seek homebound instruction for their children when they are absent for extended periods due to illness. The principal or school counselor will assist them in making necessary arrangements. Please carefully read the entire attendance policy and help us ensure all students are in class on time for all class periods. This information can be found in [section J](#) of School Board Policy.

Regular attendance is necessary for maximum school achievement. In addition, punctuality and dependability in meeting assigned responsibilities are personal behavior habits valued in our society. In order to help students to develop desirable behavior patterns, as well as to increase students' classroom learning, MCPS requires that students be punctual and regular in school class attendance. MCPS has employed a system of support and intervention strategies to build positive attendance habits. When attendance problems exist, the school system resources are made

available to aid in solutions to these problems. Teachers, parents and guardians should jointly stress to students that school attendance is critical in promoting high academic achievement.

When students are absent without prior communication between the parent or guardian and the school, school personnel will notify the parent or guardian by phone or electronic communication and take appropriate action based on the individual circumstances. After three unexcused absences, a conference may be requested with the parent or guardian to discuss truancy prevention and procedures. After the fifth unexcused absence, a truancy prevention plan meeting is held to develop a Truancy Prevention Plan. At the sixth unexcused absence, a Truancy Conference is held to further discuss attendance barriers and plan additional interventions. If an additional unexcused absence occurs, the school may refer the student to the attendance officer to file a complaint with the Juvenile and Domestic Relations Court that the student is in need of supervision or services and/or will institute proceedings against the parent or guardian as described in Section 22.1-258 of the Code of Virginia.

An **excused** absence is one for which parents or guardians have prior knowledge, consent, and a legitimate reason. The principal or the principal's designee determines whether or not absences will be excused and will require a physician's note in cases of chronic or long-term illness. Parents or guardians and students are encouraged to prearrange excused absences when possible.

Parents of students who are absent must inform the school of the reason for the absence no later than upon the student's return to school. Absences are excused for the following reasons:

- For middle and high school students, one school day per school year to engage in a civic event
- a maximum of 5 school days per academic year for participation in a 4-H educational program or activity; no credit will be provided for a student whose participation in a 4-H educational program or activity occurs during scheduled Standards of Learning assessments or during any period of time that the student is suspended or expelled from school; the student's principal or assistant principal may request a representative of 4-H to provide documentation of a student's participation in order for the student's absence to be excused
- subject to guidelines established by the Virginia Department of Education, students who are members of a state- or federally-recognized tribal nation that is headquartered in Virginia shall be granted one excused absence per academic year to attend such nation's pow wow gathering provided that the student's parent provides the student's school advance notice of the absence in the manner required by the school
- Illness (if over two days, the school may require a note from the physician);
- Medical and dental appointments;
- Court appearance;
- Death in the family;
- Observance of a religious holiday; and
- Extenuating circumstances as determined by the school administration

An **unexcused** absence is one for which the parent or guardian does not have prior knowledge, consent, and/or legitimate reason. Examples of reasons that are not justified and will result in an unexcused absence include: family and/or student vacations, child care situations, nonschool-

related activities, missed school bus, or other reasons unacceptable to the principal or his or her designee. This definition holds for all day and period absences.

A student who is absent for any portion of the day requires a note from their parent/guardian. A student is NOT considered present ("Not Been Absent") unless they are in school over 50% of that day (3 hours and 16 minutes). A maximum of 10 parent/guardian notes will be accepted during the school year. In the event that there have been excessive parent/guardian notes already received for absences, a valid note from a physician or other appropriate professional's office. ("Excessive parent/guardian notes," as determined by the school principal, are no more than five per semester.) Suspensions are unexcused absences (but are not included in truancy totals). A student will be expected to make up all assignments or to make arrangements with the teacher for any make-up work within five days of return to school. Students on suspensions will be expected to submit their assignments upon return to school and make arrangements with the teacher within five days after the end of the suspension period to make up any additional hands-on activities, tests, or other schoolwork. Extenuating circumstances may be considered in extending the time limit.

Students enrolled in high school credit courses who accumulate more than five (5) unexcused or ten (10) excused absences during a semester, including days missed because of late enrollment, may not be eligible for credit in any class. Appointments will be scheduled with building administrators to discuss documentation of absences. If credit is denied, the principal's decision may be appealed to the superintendent's designee in writing within five (5) school days after the decision has been made.

Please carefully read the entire attendance policy and help us ensure all students are in class on time for all class periods.

Truancy Prevention Procedures

The consequences of lost school days can add up one absence at a time on individual students. Each absence requires a valid reason for being absent. Below are the procedures for unexcused absences according to Section 22.1 258 of the Code of Virginia. Each absence requires a valid reason for being absent. Parents will receive a phone call from the school if a student is absent. . For a student whose absences are not documented by a parent/guardian note or parent/guardian contacting the school, the principal or designee shall make reasonable effort to directly contact the parent/guardian to obtain an explanation for the absence once the student reaches three unexcused absences.

At 3rd Unexcused Absence:

- Phone Call to Parent/ 3 Day Letter Sent
- Parent Conference

At 5th Unexcused Absence:

- Phone Call to Parent/ 5 Day Letter Sent
- Meeting Scheduled for Parent/Guardian to come in and create TPP.
- Complete and sign Truancy Prevention Plan (TPP)

At 6th Unexcused Absence:

- Phone Call to Parent/ 6 Day Letter Sent
- Second Parent/Guardian Conference scheduled
- Truancy Conference Held and Minutes of conference placed in Truancy Record.

At 7th Unexcused Absence:

- Phone Call to Parent/ 7 Day Letter Sent
- Refer to Truancy Officer

The MCPS Truancy Officer may take the actions prescribed by Section 22.1-258 of the Code of Virginia including either or both of the following: 1) filing a complaint with the Juvenile and Domestic Relations Court alleging the student is a child in need of supervision or 2) instituting proceedings against the parent/guardian pursuant to Section 18.2-371 or Section 22.1-262, Code of Virginia.

Check In Procedure/Tardiness

In Mecklenburg County Public Schools, we emphasize the importance of each student being in the classroom on time every school day. Learning the responsibility of getting to class on time is an integral part of MCPS' standard of excellence, which prepares students for success. Students arriving late to class habitually will be subject to disciplinary action. Adequate time (3 minutes) is provided to move from one class to the next and there is no reason for students to be late. Classroom doors are locked at the tardy bell. Classes are to begin promptly at the tardy bell with meaningful activity.

Students who arrive at school late will be required to check in at the attendance office. They will need to give a reason for their tardiness. This reason will be used to determine if the tardy is excused or unexcused. Students will then be issued a tardy pass to join their class which is already in progress. Students are to enter the classroom quietly, present the tardy pass to the teacher, take their seat, and prepare themselves for instruction. Students will be responsible for making up any work missed in their absence.

Check Out Procedure

Student safety is our **first priority**. A principal shall not release a student during the school day to any person not authorized to assume responsibility for the student. All students, including declared 18-year-olds, must comply with established release procedures. Students are not to leave the school building for any reason during the day without checking out in the attendance office. Students feeling ill must see the nurse and be cleared to leave from the clinic prior to leaving school and check out in the attendance office. Parent/guardian must provide written notification, a hard copy or verifiable email for early dismissal if someone other than the parent, guardian, or emergency contact is picking up the student. MCPS requires written notification or verifiable email that states the time and the reason for dismissal and must include a daytime phone number where the parent/guardian can be reached. All notes, whether for someone else to pick up the student or for early dismissal, will be verified with parent/guardian before students will be allowed to leave school. Parents must contact the school and give permission in order for their student to leave the school grounds for any reason.

All individuals wishing to check out a student will need to present either a valid Driver's License or Identification Card and must be listed in the Student Information System or on the student emergency information card as a parent, legal guardian, or an approved contact.

AWARDS AND RECOGNITION

A student must be a member in good standing at the time of presentation to be eligible for any club or organization award. A student must be a member in good standing at the close of the season to be eligible for athletic recognition.

Athletic Awards

Students who demonstrate exceptional work ethic in the area of athletics will be recognized at the Athletic Awards Assembly.

Honor Roll

Students who make all A's and B's each nine weeks will be listed on the Honor Roll.

Perfect Attendance

For a student to be considered as "perfect attendance," the student should be at school 100% of the time every day.

"Not Been Absent" applies to being in school for any part of that school day. Students must be at school each day for the entire year. A student is NOT considered present ("Not Been Absent") unless they are in school over 50% of that day (3 hours and 16 minutes).

President's Academic Awards (8th Grade)

This award recognizes academic success in the classroom. To be eligible, students must meet the following requirements as set by the United States Department of Education.

Students must earn a grade point average of 90 on a 100 point scale, (an A on a letter scale or a 3.5 on a 4.0 scale). When computing grade point averages at the respective award level, only the years at that level are to be included through the fall semester of the existing grade. Elementary school grades will not be considered in this calculation.

Students must earn high achievement on state standardized tests and nationally-normed achievement tests, or receive recommendations from a teacher plus one other staff member. One recommendation is to reflect outstanding achievement such as English, mathematics, science, history, geography, art, foreign language, and any other courses that reflect a school's core curriculum. This judgment is to be supported by tangible evidence that consists of either results on teacher-made tests, portfolio assessment, or special projects. The second recommendation from a school staff member may address, for example: involvement in community service or co-curricular activities including tutoring other students and/or demonstration of creativity and achievement in the visual and performing arts.

Principal's List

At the end of the year, eligible students are recognized for the principal's list in grades 6-8. To be eligible for the principal's list, the student must not earn any grade below an "A" on the report card for the entire year. The student must also be discipline free for the entire school year.

ALTERNATIVE LEARNING PROGRAM

Mecklenburg County has an Alternative Learning Program (ALP) located off school campus. Students attending that program have additional rules and guidelines to follow.

ASSEMBLIES

Whether attending a pep rally, class meetings, or listening to a guest speaker, it is expected that all students conduct themselves respectfully and in a manner that reflects positively on themselves, their families, and our school.

ATTENDANCE ZONE

Non-Resident

Students may attend a school within Mecklenburg County even if the student's residence is not in Mecklenburg County. This request is due by April 29, 2023 for returning students and June 20, 2023 for new students. This only applies for grades K-12. PreK students are not eligible for non-resident enrollment. There is an annual fee for non-resident students. [The application can be found here.](#)

Homeless Students

The Mecklenburg County School Board is committed to educating all children and youth in our community. Homeless children and youth shall not be stigmatized or segregated on the basis of their status as homeless. The school division will coordinate the identification and provision of services to such students with relevant local social services agencies and other agencies and programs providing services to such students, and with other school divisions as may be necessary to resolve interdivisional issues. For more information regarding your rights, please see Policy JECA on our website at www.mcpsweb.org.

BEHAVIOR EXPECTATIONS and STUDENT CODE OF CONDUCT (SCC)

The faculty, staff, and administration are dedicated to maintaining a safe and secure learning environment while providing an academically challenging curriculum that will cultivate each student's unique capabilities and talents. Each student is encouraged to model good citizenship and appropriate behavioral traits that demonstrate an understanding of respect for themselves and others. In order to maintain this environment, each student must be held accountable for their actions with an understanding that there are positive and/or negative choices for such actions.

For detailed information regarding Student Code of Conduct, please see School Board Policy JFC on our website at www.mcpsweb.org.

BOOKBAGS

Students may bring a backpack to school daily in order to transport school materials to and from school each day. Rolling bookbags will not be allowed. For our younger students, we want to ensure they have a light load. The National Safety Council and other organizations recommend that a student's loaded backpack weigh no more than 10-20 percent of their body weight. Backpacks ideally should have two broad shoulder straps and both be used to support the weight of the load.

BULLYING/HARASSMENT PREVENTION

The definition of bullying according to the Virginia Department of Education is: **Bullying** is any aggressive and unwanted behavior that is intended to harm, intimidate, or humiliate the victim; involves a real or perceived power imbalance between the aggressor or aggressors and victim; AND is repeated over time or causes severe emotional trauma. "Bullying" includes cyberbullying. **Cyberbullying** refers to any threats by one student toward another typically through emails or on websites (e.g., blogs, social networking sites). Electronic communication that supports deliberate, hostile, hurtful messages intended to harm others is a form of bullying. "Bullying" does not include ordinary teasing, horseplay, argument, or peer conflict.

A student, individually or as part of a group, shall not harass or bully others. Bullying behavior may include physical intimidation, taunting, name calling, and insults; comments regarding the race, gender, religion, physical abilities or other characteristics associated with the targeted individual; and falsifying statements about the targeted individual or associates. Bullying behavior may be verbal or non-verbal. Mecklenburg County Middle School does not tolerate bullying/harassment. If you witness someone being bullied/harassed, or if you are being bullied/harassed, please report it to your school counselor, teacher, or an administrator immediately. The principal shall notify the parent of any student involved in an alleged incident of bullying of the status of any investigation within 24 hours of the learning of the allegation of bullying.

Some key elements of bullying are:

- Intentionally aggressive behavior designed to inflict harm
- Repetitive behavior planned into the future

CAFETERIA/FOOD SERVICES

Mecklenburg County's Food Service employees work hard to provide healthy, flavorful, and nutritious breakfast and lunch for our students every day. All Mecklenburg Schools provide breakfast and lunch free of charge for all students thanks to the USDA's Community Eligibility Provision (CEP) program. We know the importance of good nutrition to student learning and encourage all students to enjoy the meals prepared every day with care.

Eating lunch in the cafeteria with friends and peers is a privilege. The cafeteria is a place where general rules of good conduct are practiced – polite, mannerly, and respectful behavior is expected at all times. Students are to clear the tables of all trash, and deposit items into the appropriate trash cans. Students may not leave school grounds for lunch or bring in outside food or drink from commercial establishments.

Outside Food/Drinks are not to be brought onto our campus during the operational school day. Students may bring their own lunch to school, but we ask parents or visitors to refrain from bringing outside food or drink.

Students have an online account through myschoolbucks.com where parents can add funds to the child's account for additional meals, beverages, snacks, and other a la carte items.

CELL PHONES and ELECTRONIC DEVICES

Students may not use personal electronic devices, such as cell phones, game systems, VR devices, cellular enabled watches, etc., during the school day. Each secondary school classroom has a cellphone caddy into which all devices may be placed upon entry into classrooms. Students may not use their devices at any time during the school day within the school building.

If a student is observed using their device during the school day, that device is to be confiscated and may only be returned to the student's parent or guardian. Repeated confiscation of personal electronic devices are subject to progressive disciplinary action.

Any student, who uses a cellular telephone or other personal device for unlawful activity while on school property, or while attending any school function or activity, will be subject to disciplinary action that may include out-of-school suspension or a recommendation for expulsion. Mecklenburg County Public Schools is not responsible for lost, stolen, or damaged personal cellular telephones or other personal electronic devices.

Consequences for the Use of Cell Phones and/or Electronic Devices During School:

First Offense:	Device confiscated* until end of the day - returned to student with a written warning (parent/guardian contacted)
Second Offense: (parent/guardian	Device confiscated* until parent/guardian retrieves it contacted)
Third Offense:	Device confiscated* until parent/guardian retrieves it, student assigned to In-School Suspension (parent/guardian contacted)
Fourth and Subsequent Offenses:	Device confiscated* until parent/guardian retrieves it, student suspended from school for insubordination (parent/guardian contacted)

Additionally, students using a personal cell phone, or other electronic devices to record or take photographs (first offense) without an administrator's permission is prohibited and will result in confiscation* of the device, an out of school suspension (parent/guardian contact).

*Generally, an administrator will confiscate the item, not the teacher - unless the situation warrants it.

CLOSED CAMPUS

Students may not leave the school building or campus during the day without prior approval and/or properly checking out through the Attendance Office. Students who choose to leave the school building or grounds without permission will be subject to search upon their return, and disciplinary measures. Students visiting any portion of the agricultural campus will have proper documentation and supervision at all times.

COMMUNICATION

Inclement Weather

MCPS seeks to maximize instructional days while balancing risks of student transportation. Generally, MCPS will not cancel or delay school due to fog, but does urge extra care on those frequent days when fog is present. If inclement weather is forecast, MCPS may declare a day of virtual learning prior to the event and all students will take home assignments for up to two days of self-directed work. In certain situations, MCPS may delay the start of school or end the school day early. Whenever possible, all announcements concerning school closings or late openings will be posted on our website and social media or callouts made no later than 6:00 a.m. Announcements will be made on all local radio, television stations, the Mecklenburg Public School website (www.mcpsweb.org), the Mecklenburg County Facebook page, and on the School Messenger System.

Parent Portal

Parents will have access to student grades and attendance 24 hours a day through the [Parent Portal](#). A parent can request access by contacting the school. It should be used to access grades throughout the marking period. Progress reports (interims) will not be printed unless requested by a parent.

Remind

REMIND is also a resource widely used in MCPS for parental notifications from teachers as well as administrators. This is a text messaging service that parents must opt into for each individual class in order to receive notifications.

School Messenger

Mecklenburg County Public Schools is pleased to again provide the rapid notification service, School Messenger, to our students and their families at *no charge*. School Messenger allows school principals and division administrators the opportunity to use digital messaging technology to quickly provide telephone, cell phone, and pager notification messages to parents and faculty in the event of school closings, delays, and emergencies. The School Messenger system can also be used to send school related messages about meetings, practices, public services, and other important, but less serious matters to individuals or select groups.

The system uses the main phone number provided on the School Emergency Card when students register to notify parents/guardians in the event of a school delay, closing, or emergency and to receive other school related messages. It is imperative that the school is informed when parents/guardians change a contact number or address for any reason. In the event that a student has more than one parent/guardian who needs to receive School Messenger messages, the parent should contact their child's school for further guidance.

CRISIS PLAN AND EMERGENCY DRILLS

It is the intent of Mecklenburg County Public Schools to provide a safe and secure environment for learning and, if needed, to restore the learning environment as quickly and safely as possible following traumatic incidents.

The division continually updates the emergency response crisis management (ERCM) and school safety plans for all schools. These plans include protocols and procedures concerning the following phases of ERCM: prevention/mitigation, preparedness, response, and recovery for multiple types of incidents that may occur at or may impact schools.

In order to assure that proper procedures are being followed, schools will be required to perform functional tests (drills) and assessments of each phase. Assessments and drills will be performed with students present and when they are not present. Some assessments and drills will be announced and some will be unannounced. Prior notice will be given to parents when required by law.

In order to assure everyone's safety in the event of a drill or incident, it is important for students, parents, faculty and staff, visitors, and first responder organizations (law enforcement, fire, and rescue squads) to follow established protocols and procedures.

Be aware that:

- Students are not permitted to use cell phones or other personal communication devices at school and especially not during a drill or actual emergency.
- Only authorized law enforcement, fire department, rescue squad, and other officially designated persons should respond to any school during an incident.
- Parents/guardians are encouraged not to call the school during a crisis event, and should not come to school to remove their children during a crisis or threatened event unless informed to do so by school administration.
- In the event of an actual emergency, the school administrator or central office administration will notify parents and the public, when the situation is stabilized and it is safe to do so, of the following: the situation, what is being done to protect students, if and when the school will close, and when and how students will be reunited with their families.

DANCES

Dances are closed to individuals who are not MCMS students. The middle school may schedule student dances throughout the year. Students are permitted to attend at the discretion of the principal and may be excluded from attending for disciplinary infractions, excessive absenteeism, or outstanding financial obligations.

DEBT (STUDENT)

Students who have lost books, damaged property, or failed to pay other appropriate and school board approved required fees may accumulate debt from year to year. Individual student debt records are maintained by the school bookkeeper and students and families may verify the amount owed upon request. Students may be excluded from activities for nonpayment of fees. More information regarding student debt can be found in [Policy JN](#) of the School Board Policy.

DELIVERIES

Students may not receive deliveries at school. This includes, but is not limited to flowers, balloons, gifts, and food.

DISCIPLINE CONSEQUENCES & PROCEDURES

Students may be disciplined by school administration per School Board [policy JFC](#) for violations of the Student Code of Conduct.

Discrimination based on a person's sex, sexual orientation, race, creed, color, national origin, gender, gender identity, ethnicity, religion, disability, ancestry, marital or parental status or any other unlawful basis is illegal.

Discriminatory harassment is verbal, physical, written, graphic, or electronic conduct that disparages or shows hostility toward an individual or group of individuals based on a certain characteristic, otherwise referred to as discriminatory harassment, is prohibited. DRESS CODE

Parents/guardians and students must assume the responsibility of the student's proper attire. A student's dress and appearance should not cause disruption, distract other students from their school work, or compromise health and safety. If a student's dress or appearance is inappropriate, the student will be required to change the student's dress or appearance. Note: School administration can make exceptions to the student dress code at their discretion for spirit days and special events.

EMERGENCY CONTACT INFORMATION

Parents are asked each year to verify the emergency information on the Student Verification Form. The importance of these forms cannot be overemphasized. They let school officials know about student health issues and provide contact information that is used to reach parents if an emergency arises.

Please complete and quickly return your student's Student Verification Form. Also, be sure to contact the school to update your child's information whenever there is a change in

- your child's health
- your address, email address, cellphone, home phone, work phone or workplace
- the people authorized to pick up your child if you cannot be reached during an emergency

It is imperative that your child's information be kept current. In some cases, your child will need to be picked up by a parent or designee so that a decision can be made on the treatment needed. Adequate facilities and staffing are not available to allow us to isolate sick or injured children for an extended amount of time; therefore, your prompt response is essential.

EXTRACURRICULAR OPPORTUNITIES & ACTIVITIES

Extracurricular activities give students the opportunity to explore and express their interests beyond academics. In our endeavor to serve the whole child, Mecklenburg County Middle School offers a variety of clubs and extracurricular activities for all students. It is our goal that in these groups our students find a place to become involved, make friends, and develop their talents. Through these clubs and extracurricular activities, students will also grow as learners through practicing skills such as collaboration, communication, and citizenship skills.

Athletics

Mecklenburg County Middle School will compete in athletics as part of the Southside Middle School Conference. According to conference rules, a student must not be 15 years of age before August 1st of the school year. Students must pass 4 of 5 classes each nine weeks to be eligible. A student may be removed from the team or denied the privilege of trying out by the coach or administration if their behavior is unacceptable. If a student is suspended or assigned to in-school suspension, they may not participate in school activities for those days and may be removed from the team. Physicals and medical insurance are required before trying out.

For detailed information on all student activities, including how to go about starting a new club or organization, please click here to access our [Student Athletics Handbook](#).

Virginia High School League (VHSL) Policy

Virginia High School League (VHSL) Student Eligibility Transfer Rule states: You must sit out of VHSL activities for 365 calendar days following a transfer to the school unless the transfer corresponded with a family move into the attendance zone. Eighth and ninth graders are automatically eligible wherever they enroll at the beginning of the year.

FAMILY LIFE EDUCATION

The Virginia Board of Education provides standards of learning and curriculum guidelines for a comprehensive, sequential family life education curriculum from kindergarten through grade 12. The guidelines include instruction as appropriate for the age of the student in family living and community relationships; abstinence education; the value of postponing sensual activity; the benefits of adoption as a positive choice in the event of an unwanted pregnancy; human sexuality; human reproduction; forms of contraception; dating violence; the characteristics of abusive relationships; steps to take to avoid sexual assault, and the availability of counseling and legal resources, and in the event of such sexual assault, the importance of immediate medical attention and advice, as well as the requirements of the law, the etiology, prevention and effects of sexually transmitted diseases; and mental health education and awareness. All such instruction shall be designed to promote parental involvement, foster positive self-concepts, and provide mechanisms for coping with peer pressure and the stresses of modern living according to the students' developmental stages and abilities. Parents and guardians have the right to review the family life education program offered by their school division, including written and audio-visual educational materials used in the program. Parents and guardians also have the right to excuse their child from all or part of the family life education instruction. A copy of Virginia's Family Life Education may be obtained at <https://www.doe.virginia.gov/teaching-learning-assessment/instruction/family-life-education>

FEES

Students may be charged fees for certain classes. Those fees are reviewed and approved annually by the school board. In order to help defray the cost of consumable materials used in class, some courses charge a fee per semester. The fee schedule can be found in the [Appendix](#).

FERPA (Family Educational Rights and Privacy Act)

Mecklenburg County Public Schools has a responsibility to protect the privacy of students' records. Parents have the right to inspect and review any student record upon request. Procedures for review of student records are outlined in [VSBA Policy JO](#).

FIELD TRIPS

Field trips are learning activities that should be designed to further or continue instruction and learning outside of the classroom. Students are not to be excluded from field trips due to debt or inability to pay the prescribed fee. Students may, however, be excluded due to negative behavior in school. If you have difficulty paying field trip fees, please contact the administration.

GANG-RELATED ACTIVITIES

Criminal street gangs are defined in Va. Code § 18.2-46.1. Gang-related activity will not be tolerated in any school or at any school activity. Symbols of gang membership are expressly prohibited. Examples include clothing that symbolizes association, rituals associated with, or activities by an identified group of students. All suspected gang activity should be reported to the school's resource officer or other law enforcement representative. Being a member of a gang is illegal. Taking part in gang-related activities that are disruptive to the school environment, which include the display of any apparel, jewelry, accessory, tattoo, or manner of grooming that, by virtue of its color, arrangement, trademark, or any other attribute, denotes membership in a gang that advocates illegal or disruptive behavior is strictly prohibited. Students exhibiting gang-related dress/paraphernalia/behavior may be photographed. Parents or guardians of students who exhibit gang-related behavior will be contacted by school personnel for a conference. Parents or guardians will receive a letter warning them of the consequences of their student's involvement in gang activities. Further instances will result in progressive discipline up to, and including, a recommendation for expulsion.

HALL PASSES

Any student who leaves the classroom during class must have a pass. At MCMS, E-Passes will be used. Teachers and administrators have access to the electronic passes at any time. Students are required to submit a pass and gain teacher permission before leaving the classroom. Students are not to leave class during the first 15 minutes of class or the last 15 minutes of class unless there is an emergency. This procedure is required for any student to be in the halls while classes are in session. Any student in the halls without a proper hall pass may be sent to the office with a referral. Teachers, security, and administrators will work cooperatively to enforce this practice.

IMPROPER DISPLAY OF AFFECTION

Although we support positive student relationships, we do not support or condone any public display of affection on campus or during off-campus school-sponsored events. Repeated incidents of public display of affection will result in disciplinary actions and a mandatory conference with parents/guardians.

INCLEMENT WEATHER

See [Communication](#).

INSURANCE

Neither the school nor the school board provide insurance for individual students. Parents/guardians and/or students are responsible for their own insurance coverage. Students may purchase, at their option, a comprehensive accident insurance policy from a vendor of their choice.

LIBRARY/MEDIA CENTER

Mecklenburg County Middle and High Schools share a common library media center. The collection of almost 12,000 printed books is supplemented by web resources such as resources through our Mecklenburg County Public Library system for student research and information. Our library media center is designed and staffed to support student learning and our librarians teach students how to use library resources and research topics properly. Students who need to use the media center materials may do so if they have a pass from one of their classroom teachers or the librarian, or during scheduled library/media center times. A student being sent from a classroom to the media center is required to have written permission from their classroom teacher. All students need to follow all media center rules. Substitute teachers are not permitted to send students to the media center. Students who have early release must obtain permission from an administrator in order to use the media center during a release period. Failure to abide by library rules may result in a temporary loss of library privileges.

LITERATURE/POSTER DISTRIBUTION

The Mecklenburg County Student Activities Office shall review, approve, and coordinate the distribution or display of literature and posters by clubs, organizations, and individual students enrolled in the school. Clubs, organizations, and individuals not directly connected to the school must seek the approval of the principal or designee to distribute or post any literature or poster on the school premises.

LOCKERS

Students are not assigned traditional lockers, but there are a limited number available for student use on a first come/first served basis. The fee for corridor lockers is \$10 and includes a combination lock. Additional storage lockers are available for use in the cafeteria area. Lockers and their contents are the sole responsibility of the student to whom the locker was issued and should not be shared. Items of great value and money should not be kept in lockers or brought to school. Lockers are the property of the school and thus may be opened and examined if there is reasonable suspicion to believe that the locker contains illegal drugs, contraband, weapons, stolen property or other such material. Personal locks are not permitted on lockers.

Please see the following people to reserve a locker

Cafeteria Lockers	School Administrative Assistant
Corridor Lockers	School Administrative Assistant
Boys Locker Room Lockers	Boys Locker Room Coach
Girls Locker Room Lockers	Girls Locker Room Coach

LOST AND FOUND

Students should take all found items to the main office. If a student loses anything, check with the front office staff. Items not claimed by the end of each semester will be donated to charity or discarded. Mecklenburg County Public Schools is not responsible for any lost or stolen items.

MANDATORY REPORTING

All school employees are required by law to immediately report suspected child abuse or neglect to the relevant law enforcement or child protection agency. From time to time, employees may see or hear things that cause them to believe a student may be ill treated. They are considered “mandated reporters,” and are required by law to report suspected cases of abuse or neglect.

MCPS HONOR CODE

We expect all students to perform work to the best of their ability and certify their work is their own using our **Honor Code**.

- o **For Assessments:** “I affirm that I will not give or receive any unauthorized help on this exam, and that all work will be my own.”
- o **For Graded Assignments:** “I affirm that I have not given or received any unauthorized help on this assignment, and that this work is my own.”
- o **For Group Projects:** “I accept responsibility for my role in ensuring the integrity of the work submitted by the group in which I participated.”

Students will sign the Honor Code Agreement at the beginning of each school year. Students may also be asked to write the honor code on each graded assignment or otherwise verify they are abiding by the honor code using the method directed by the teacher.

MINUTE OF SILENCE

The school observes a minute of silence at the beginning of each school day. It is important that all students respect this time by remaining seated and quiet during this moment. The minute of silence may be used for any lawful silent activity including personal reflections, prayer, meditation, and/or reading. However, the teacher who is responsible for each class will not influence students in any way to pray or meditate during the minute of silence. Students and employees are prohibited from praying aloud during the minute of silence.

MONEY

Students are discouraged from bringing large sums of money to school. All money for lunch, fund-raising activities, etc., must be turned into the office in the morning. Payments to the school of any kind should be made by check and made payable to your child’s school. Money for breakfast, lunch, etc. can also be added to your child’s account online. Please contact the main office for more information on how to add meal money to [Myschoolbucks.com](https://myschoolbucks.com). Online purchase programs may charge a service fee.

School Cash Online will be available for parents to pay school fees in the very near future.

NURSE

Mecklenburg County is fortunate to have a nurse in each of our schools. They administer hearing and vision screenings, provide health education, care for sudden onset illness, manage chronic illnesses, update immunization records, and administer approved medications. Generally, no elementary school student may have medication on their person or take medication unsupervised

at school. The exception is that students can self carry and self administer epipens, asthma inhalers, and diabetic supplies per MCPS policy and with doctor and parent approval. Parents/Guardians with students with any special health needs or concerns should work closely with the school nurse to ensure proper documentation of those needs so that key people will be informed of that need.

Normally, if a child is too sick to be in class, they are too sick to be in school. **Your child must be symptom free (fever, vomiting, diarrhea, etc.) for 24 hours (without medication) before returning to school. They must be fever free without a fever reducing medicine.**

Injury and/or Illness

If it is determined that a student is ill or has sustained an injury that requires more than assistance given in the classroom, that student will be brought to the nurse's office immediately for further evaluation by the school nurse. If parent contact is necessary, every effort will be made to notify the parent or responsible party listed on the student's emergency card.

Immunizations

If your student's shot records are not up to date, they will not be permitted to attend school until proof of immunizations are provided. The MCPS website contains information regarding requirements for public health information.

Medications

Students needing to take medication at school must fill out the necessary forms in the office and must bring medication and notes from home or from a doctor to the nurse's office. Medication will be kept and dispensed by authorized personnel. Students can self carry epipens, asthma inhalers, and diabetic supplies, per our policy, if they can self administer and have been approved by the doctor and parent. Please see the School Board Policy JHCD on our website at www.mcpsweb.org for more information on prescription and over the counter requirements.

PARENT-TEACHER CONFERENCES

There will be two scheduled parent-teacher conference dates each year following the first and third nine weeks.

Conference Request

If you would like to have a parent/teacher conference with a single teacher, please contact the teacher directly. If you would like to meet with multiple teachers, please contact your school counselor and they will help to set up that parent/teacher conference. If you would like to have a conference with the principal or other administrator, please contact that person directly. Appointments must be scheduled in advance to ensure availability.

PESTS

Head lice may be spread among children who share hats, combs or brushes or who have head-to-head contact. The adult insect is about the size of a grain of rice. Eggs, called nits, are whitish and about half the size of a pinhead. They attach firmly to the base of hair strands especially at the nape of the neck and behind the ears. When lice are found on a student at school, the parent will be contacted and given information about treating lice. Students diagnosed with live head

lice will not be sent home early from school. They can go home at the end of the day, be treated, and return to school and class after appropriate treatment. Nits may persist after treatment, but successful treatment should kill crawling lice. The school nurse will check the child on return to school to confirm there are no live head lice present. Parents will be notified if live head lice or nits are still present. A nit comb can be used again if nits are still present.

Although bedbug infestations are on the rise in the United States, few have been observed in Mecklenburg County schools. If a bedbug is found, school staff members will follow cleaning and monitoring procedures and will notify parents as appropriate. Students will not be sent home for bed bugs.

PETS/SERVICE ANIMALS

Animals are effective and valuable teaching aids, but safeguards are required to reduce the risk for infection and injury. Classroom pets can provide opportunities to achieve a variety of learning objectives. Service animals are sometimes used on campus. MCPS has established administrative guidelines for allowing animals in classrooms or on campus. In addition, documentation must be completed and approved annually in order to allow animals to be in our schools or on our school campuses.

PLEDGE OF ALLEGIANCE

The Pledge of Allegiance, as established in 4 U.S.C. § 4, is recited daily in each classroom of the Mecklenburg County school division. During the recitation of the Pledge, students shall stand and recite the Pledge while facing the flag with their right hands over their hearts or in an appropriate salute if in uniform.

No student is compelled to recite the Pledge if the student or the student's parent or legal guardian objects on religious, philosophical, or other grounds to the student participating in this exercise.

Students who are exempt from reciting the Pledge shall quietly stand or sit at their desks while others recite the Pledge and shall make no display that disrupts or distracts those who are reciting the Pledge.

Appropriate accommodations are made for students who are unable to comply with the procedures described herein due to disability.

PROGRAM OF STUDIES

The Program of Studies has been created to provide you with pertinent information regarding scheduling guidelines and available course options. The regulations and course descriptions should assist in preparing a schedule for the upcoming school year and in planning a personalized plan of studies for the future.

<https://sites.google.com/mcpsweb.org/mcpsprogramofstudies/home>

RESTROOMS

Students are expected to use the restrooms during their breaks and lunch. Restroom passes will be issued at the teacher's discretion during class time. If a medical condition exists requiring

frequent restroom visits, a doctor's note is required to be on file. Prohibited activities in restrooms include but are not limited to eating, drinking, and cell phone use, etc. It is strongly recommended that students wash their hands after using the restroom.

SALE OF GOODS

Only approved student groups may sell goods as scheduled through the Principal. No individual may sell for personal profit. Approved sale of goods are not permitted during any period of time in a school building during established breakfast or lunch time.

SECTION 504

The Rehabilitation Act of 1973, commonly referred to as Section 504, is a nondiscrimination statute enacted by the United States Congress. The purpose of the Act is to prohibit discrimination and ensure benefits are equal to those provided to nondisabled students. For more information regarding your rights under Section 504, please see the School Board [Policy JBA](#) on our website at www.mcpsweb.org.

SCHOOL COUNSELING DEPARTMENT

It is the mission of Mecklenburg County Middle School's Counseling Department to provide a comprehensive school counseling program that offers social, emotional, and academic support for all students, coupled with an integration of career awareness and exploration, so as to utilize a holistic approach that provides students with necessary opportunities to grow as successful learners and citizens.

Through the collaborative efforts of school, home, and community, school counselors provide students with the tools they need to become responsible and productive citizens in the 21st century. Students, with the support of the counseling department and each of these stakeholders, will make strides towards becoming college and/or career ready as they acquire the personal, social, emotional, and academic skills needed to do so using the following standards:

- Academic Development – Students will acquire the academic preparation essential to choose from a variety of educational, training, and employment options upon completion of secondary school.
- Career Development – Students will investigate the world of work in order to make informed career decisions.
- Social-Emotional – Students will acquire an understanding of, and respect for, self and others, and the skills needed to be responsible citizens.

Individual Counseling: For students struggling emotionally, socially, or academically, meeting one-on-one with a counselor may be a great step. The counselors take short-term, solution-focused approaches when helping students overcome challenges that keep them from success at school. If a student is in need of further assistance, the counselors can help families and students connect with the appropriate community resources to find the help that they need.

Group Counseling: Small group sessions are held as needed throughout the school year. Some students may benefit from working in a group setting with peers who are experiencing similar life events.

Academic/Career Counseling: School Counselors help students reach their greatest academic potential. The counselors will begin preparing our middle school students for life after middle and high school. They will meet throughout the year to help students develop their Academic Career Plans.

Students wishing to visit a counselor should contact the school counseling office to arrange for an appointment. The counselors are as follows:

Mrs. Sally Adams: Lead School Counselor

- Students with last names A-F

Mrs. Martha Bowlin: School Counselor

- Students with last names G-N

Ms. Raven Edmonds: School Counselor

- Students with last names O-Z

SCHOOL QUALITY PROFILES

The Virginia Department of Education collects annual data for each school and school division in the Commonwealth. The School Quality Profile (SQP) provides information about student achievement, school safety, teacher quality, college and career readiness, and other topics. Mecklenburg County Middle School is a new school and, as a result, does not yet have data in the Virginia Department of Education School Quality Profile Report.

STUDENT RIGHTS

The Constitution and the laws of the United States and the Commonwealth of Virginia give students many legal rights and liberties. School Board policies and regulations provide students many privileges as well, according to their ages and maturity levels. Students may exercise these rights and privileges as long as they do not interfere with the rights of others or the schools' ability to provide a safe learning environment. A student with a problem or a concern is encouraged to speak to an administrator, teacher, school counselor, or other faculty members.

Mecklenburg County Public Schools students have the right to:

- Schools, offices, and classrooms that are caring, nurturing, and enhance positive relationships;
- Curriculum and instruction that promote opportunities for rigorous educational experiences;

Information about drugs, weapons, or other factors which may be harmful to others or to the school environment should be reported. Any attempted or actual retaliation for the reporting of Code of Conduct violations shall be addressed by corrective action, up to and including expulsion.

Students who discover something in their possession which is not permitted at school, should report to an administrator or other staff member immediately. School staff responsible for initiating follow-up action shall take into consideration that the student voluntarily brought this to the attention of staff. Students should contact an administrator, teacher, counselor, or other trusted adult immediately if they have information about, or believe that they have been, victims of misconduct which violates the Code of Conduct.

Students who have knowledge of drugs, weapons, violence, or other behaviors which may be harmful to others or to the school environment, may be subject to disciplinary action for failure to report such information to school authorities.

STUDENTS WITH DISABILITIES

The Mecklenburg County School Board provides a free, appropriate public education for all children and youth with disabilities, ages 2 through 21, inclusive, who are residents of Mecklenburg County or who are not residents of Mecklenburg County but are residents of Virginia and who are enrolled in a full-time virtual school program provided by the Board. TECHNOLOGY

Canvas

Canvas is a Learning Management System. All teachers use Canvas for online instructional management and course communication. Additionally, Canvas integrates with the many applications students use for learning. Computers and internet access are vital in education because they are vital in almost all 21st century careers. When teachers leverage rich, interactive digital content in their instruction, students are provided with greater opportunity to personalize and tailor learning to their personal and immediate needs.

Chromebook Initiative

For the 2023-2024 school year, Chromebooks are being issued to students in Grades K-12. Students will be assigned a Chromebook for the school year. Because they are considered as essential as pencils and paper, they will need to be brought to school each day. In the event that MCPS experiences unforeseen school closures due to weather, an emergency, a pandemic, or other cause, students will use their Chromebook to engage in learning remotely. Chromebooks are the property of Mecklenburg County Public Schools, are on loan in accordance with the Chromebook Policies and Procedures as outlined in the Code of Conduct, the District's Acceptable Use Policy, and any applicable laws.

Violations such as searching inappropriate websites and not following specific directions with the use of the Chromebook may result in disciplinary actions and loss of privileges. Abuse of mobile learning devices will result in the parents assuming the cost of repairs. For the MCPS Chromebook Initiative, please refer to the Mobile Responsibility Handbook. **Students must use their school issued device. No personal computers or chromebooks will be allowed on the school network.**

All students and parents are responsible for signing the [1:1 Mobile Learning Device Responsibilities Handbook agreement](#).

Blended Learning

Mecklenburg County Public Schools provides Chromebooks to students at all grade levels. In addition to using the computers throughout the school day, students have the opportunity to use their Chromebooks outside of school and engage in anytime, anywhere learning. This blended learning initiative puts thousands of Chromebooks into the hands and/or homes of MCPS students. Mecklenburg County Public Schools has created a digital teaching and learning environment to better prepare students for college and careers.

Inappropriate Use of Technology

All use of the division's computer system must be (1) in support of education and/or research, or (2) for legitimate school business. Use of the computer system is a privilege, not a right.

Inappropriate use may result in cancellation of those privileges, disciplinary action, and/or legal action. Any communication or material generated using the computer system, including electronic mail, social media posts, instant or text messages, tweets, and other files, including communications and materials deleted from a user's account, may be monitored, read, and/or archived by division staff.

Users of the division's computer system have no expectation of privacy for use of the division's resources or electronic devices including non-division owned devices while connected to division networks or computer resources.

MCPS Wireless Access

Trying to access this wireless connection without permission and authentication is a direct infraction of school policy and will be dealt with as such. The Children's Internet Protection Act (CIPA) requires all network access to be filtered regardless of the device; **no personal wireless connections can be used.**

TEXTBOOKS AND LIBRARY BOOKS

Textbooks adopted for use by Mecklenburg County Public Schools are selected from Virginia's state approved/adopted text list. When there are multiple selections to choose from, a committee is created to review and provide recommendations as to which textbook(s) to choose. Some texts are available electronically only, some hard copy only, and some are available in multiple formats.

The Mecklenburg County School Board provides textbooks required for course instruction for each child attending public schools; however, the school board may assess a reasonable fee or charge for damages (including, but not limited to, marks made with pencils or pens, torn pages, and damages to the cover or spine) or loss of school property when such property has been used by students without charge. Fees assessed will be based on the prices for the current school year. Furthermore, fees may be assessed for damages or loss of classroom resource books and library books.

Unpaid textbook fees from lost or damaged books will be added to the student's account and must be paid before a student is permitted to participate in school activities (such as dances, athletics, graduation ceremonies, etc.).

TOBACCO

Smoking, vaping, chewing or any other use of any tobacco, vapor, or marijuana products by staff, students, and visitors is prohibited on school property. This ban on these products' use applies to students, employees, and all guests at all times - whether or not school is in session. For more information regarding tobacco use, please see the School Board Policy JFCH/GBEC on our website at www.mcpsweb.org.

TRANSPORTATION PROVIDED BY MCPS

It is the county's goal to transport all children to and from school safely and free from intimidation or fear of harm. All students who ride a school bus or other MCPS provided transportation are subject to and expected to abide by the laws, rules, and regulations set by the Commonwealth of Virginia and the Mecklenburg County School Board. All transportation and school rules and regulations apply from the bus stop/pick up point to drop off - sometimes known as portal to portal coverage. The driver is in charge of the MCPS-provided vehicle and students who ride in the MCPS-provided vehicle. The student must accept the authority of the driver and cooperate with their request. At any time, a parent conference may be required by the principal or their designee before a student can return to the bus or other MCPS provided transportation. Riding in a MCPS-provided vehicle is a privilege. Abuse of this privilege will not be tolerated and can be revoked for general education students.

MCPS-provided transportation is a privilege not a right. Parents, guardians, and caretakers of students attending Mecklenburg County Public Schools and utilizing school transportation (school buses or other MCPS provided transportation) must:

1. Discuss transportation safety rules with their children on a regular basis.
2. Assure their children are appropriately supervised at their bus stops and be present or arranged for other adults to assume this responsibility.
 - a. Students should arrive at least five minutes before the regular pickup time, but no earlier than ten minutes before the pickup time. Remain at the stop until buses arrive.

- b. Students will be picked up and released at their designated (assigned) bus stops. Students grade 3 and under will not be released at a bus stop unless an older student, or responsible adult is there to receive them. If the student(s) will be returned to their home school and the parent will be contacted.
 - c. Students should not stand on the traveled portion of the roadway or parking lot while waiting for the bus or engage in play or other activities that will endanger themselves or their companions or possessions while waiting beside the road.
 - d. Students should not approach a bus arriving at the bus stop until it has come to a complete stop with the entrance door open.
 - e. Students should not run alongside a moving bus. Wait to cross a traveled portion of the roadway, or to board a bus, until the bus is stopped and other vehicles approaching or following the bus have stopped. The bus driver will signal students to cross a roadway when it is safe to do so.
 - f. Students should report any illness or injury sustained on or around the bus immediately to the driver.
3. Students may not ride a bus that is different from their assigned bus. In order to alleviate bus overcrowding and logistical challenges, **bus notes to ride different buses will not be accepted.**
 4. Communicate MCPS provided transportation concerns to building administration. **No conferences at/on the bus.**
 5. Refrain from entering county public transportation vehicles.
 6. Acceptable classroom standards of conduct shall be expected of bus passengers and drivers shall ensure that pupils observe regulations at all times. This conduct is also expected while at a bus stop. Among other things, students shall not smoke, yell, scream, swear, push, fight, bully, or take advantage of any other student; extend hands, arms, or heads or objects from bus windows; carry on the bus any drugs, weapons, water pistols, live reptiles, animals, insects, or oversized items (including school instruments) that would block an aisle, cause loss of passenger seat space, obstruct the driver's view, or create a safety hazard.
 7. By signing the handbook signature page at the end of this booklet, you are indicating that you, as the parent or guardian, and your child understand the importance of appropriate conduct whether riding for regular home-to-school service or other activities.

MCPS will annually survey all families electronically to determine transportation needs. A parent must indicate they plan to use MCPS transportation for us to build efficient transportation routes. This information must be provided annually by families to MCPS.

Additionally, MCPS audits transportation usage regularly. If a student misses five consecutive days of MCPS-provided transportation without school notification, that student's seat may be reassigned to another. In order to re-establish MCPS-provided transportation, the parent must contact the Transportation Office.

UNAUTHORIZED AREAS

We have a large and shared campus with over two thousand students. Various parts of the campus are off-limits to students during all or parts of the school day without expressed permission. Being in an unauthorized area will result in disciplinary action.

VANDALISM AND PROPERTY DAMAGE

This is our school! Each student and all employees are expected to take pride in keeping the buildings and grounds neat in appearance at all times. Students who destroy or vandalize school property will be required to pay for losses or damages. If a student willfully destroys school property, suspension and possible expulsion will result as well as legal and financial responsibilities. If a student happens to damage something by accident, they should report it to a teacher or the office immediately.

VIDEO SURVEILLANCE

As a component of a comprehensive safe school plan, video surveillance, with or without audio capability, may be used in the common areas of certain schools and in MCPS vehicles to maintain the security of students, staff members and visitors. Surveillance equipment may or may not be monitored at any time. Video recordings may be used for disciplinary purposes and will be retained if used in such a manner. Law enforcement representatives, in the course of a criminal investigation, may view video recordings. Students and parents/guardians may not have access to view surveillance footage due to privacy concerns.

VISITORS

MCPS employees will direct visitors to the main office. Upon entering the building, ALL visitors must report to the office, sign in with appropriate picture identification, and be issued a visitor's pass, which they must wear the duration of their visit. Visitors are only allowed in the designated area indicated on the visitor's name badge during sign in. Persons who fail to do so may be considered trespassers and are subject to legal action. Upon leaving campus, visitors should return to the office and sign out.

As a general rule, *student visitors will not be permitted during the school day*. No person whose presence or action interferes with or disrupts the operations of the school, its students, or its activities may enter or remain in any school building or property.

APPENDIX C: MCMS DISCIPLINE GUIDELINES AND PROCEDURES

Mecklenburg County Middle School is committed to providing a safe and orderly school environment. All students must be aware of both their rights and responsibilities. Our discipline practices are based upon the MCPS student code of conduct and included below as an appendix. Students and their parents should review and discuss the code of conduct and its guidelines in detail to ensure complete understanding.

All MCPS students will follow the policies, rules, and consequences as outlined in this handbook.

General Notes:

1. The school board has tried to anticipate possible offenses. Not every possible act of misconduct may be listed. Failure to specify a behavior as an offense does not mean the behavior is acceptable and free from disciplinary action. The administration reserves the right to take disciplinary action and/or legal action as deemed necessary.
2. A student suspended from school may not participate in any school activity from the time of suspension until reinstatement in school, nor may they be on school property. The Middle School Student Handbook/Code of Conduct applies to all activities and sports hosted by MCPS or at events where MCPS participates.
3. A student placed in ISS may not participate in any extracurricular activities, nor may they be on school grounds after hours until they have finished ISS assignments. This includes athletics, band, club activities, field trips, practices, games, etc.
4. Every attempt will be made to notify parents/guardians of their son/daughter's misconduct.
5. Incomplete disciplinary action may be carried over from one academic year to the next. Seniors may be denied the privilege of participating in senior activities and/or graduation exercises.
6. All discipline offenses will be recorded in the student's scholastic record.

In-School Suspension

Assignment of students to In-school Suspension (ISS) by building administrator(s) is not subject to appeal.

Suspension for Nine Days or Less

The principal, any assistant principal, or in their absence, any designated certified staff member may suspend a pupil for nine school days or less using the following procedures:

- The student shall be informed of the nature and facts of the alleged misconduct.
- The student shall be given an opportunity to explain the circumstances of the alleged misconduct from his or her perspective.
- The student shall be informed of the conditions of the suspension, such as the required conference with the parent/guardian prior to return, prohibition from coming on school property, and prohibition on attending scheduled school activities or school-sponsored events.
- The principal shall execute a letter of suspension stating the condition of the suspension and the date that the student may return to school. Copies of the letter of suspension shall be given to the student, if possible, and mailed to the student's parent/guardian.
- The parent/guardian shall be notified of the right to an appeal if applicable and the procedures for appeal.

Emergency Suspension

Any student whose presence poses a continuing danger to persons or property or an ongoing threat of disruption may be summarily removed from school immediately. The notice, explanation of facts, and the opportunity to present his or her version required under Suspension for Ten Nine Days or Less shall be given as soon as practicable thereafter.

Suspension Ten or More Days

In certain circumstances, an incident may warrant a suspension greater than nine days. In case of such an incident, the principal shall call the Superintendent's designee and inform them of the incident and consequence(s). Any student suspended for ten days out of school will result in a referral to the division's Hearing Officer. The Building Principal, or their designee, shall execute a letter of suspension, stating the condition of the suspension and the requirement that the student appear before the Hearing Officer before they return to school. The ten day suspension with a discipline hearing may not be appealed - the case will be made at the hearing. The division's Hearing Office shall contact the student/family to notify them of the date of the hearing.

Following the discipline hearing, the Superintendent's designee, the Hearing Officer, may suspend a student from school in excess of ten school days after the student and the parent/guardian have been provided written notice of the proposed action, and the reason therefore. In any case in which a student receives additional days of suspension or receives an alternative placement by the Superintendent's designee after a hearing, the student and the parent/guardian may appeal the decision to the School Board.

Make Up Work for Suspensions

Students in grades 6-8 who receive an out-of-school suspension will be expected to keep up with missed classwork and submit all assignments upon return to school. It is the responsibility of the student to obtain assignments from the school counseling department or their teachers. If the parent/guardian or student makes a request for assignments, teachers are required to provide the school counseling department with student assignments within twenty-four (24) hours of the request. In the case of class assignments that require in-class completion (test, lab assignments, etc.), the student will be expected to make arrangements with the teacher within five (5) days after their return to school to make up missed assignments. Due dates for completion of these in-class assignments will be established by teachers. Grades of zero (0) may be assigned only if a student fails to submit or make-up assignments according to these guidelines.

Discipline Hearing

The superintendent's Hearing Officer or designee shall conduct all disciplinary hearings. Any suspension of a student for ten days shall require the student and their parent/guardian to appear for a disciplinary hearing.

The procedure shall be as follows:

- The principal or their designee shall provide the hearing officer with the discipline hearing packet, which includes a detailed incident report (include pictures and video when available), a summary of the student's prior discipline, the student's statement, witness statements, and a summary of the student's attendance and academic performance.
- The Hearings Officer or designee shall contact the student and their parent/guardian to notify them of the hearing requirement, the date, time, and location of the hearing.
- At the hearing, the Hearing Officer will state the reason for the hearing.
- The student will be asked to share their account of the incident and answer any questions the Hearing Officer may have. Following the student's statement, the Hearings Officer may question both the school representative(s) and the student. Questioning will relate to the current infraction as well as prior discipline, attendance, and grades.

- Once all questions have been answered, the parent/guardian will be given an opportunity to share any information they have regarding the incident.
- No decision will be made at the hearing. The Hearing Officer will review the evidence, render a decision, and inform the school and parent.

School Board Hearing

The procedure for the School Board hearing shall be as follows:

- The School Board shall determine who should be in attendance at the hearing of persons not having a direct interest in the hearing. The hearing shall be private unless otherwise specified by the School Board.
- The School Board may ask for opening statements from the principal, the principal's representative, the Discipline Hearing Officer, and the student or the parent/guardian or representative and, at the discretion of the School Board, may allow closing statements.
- The parties shall then present their evidence. The principal has the ultimate burden of proof and shall present evidence first. Witnesses may be questioned by the School Board members and by the parties (or their representatives). The School Board may, at its discretion, vary this procedure, but it shall afford full opportunity to both parties for presentation of any material or relevant evidence and shall afford the parties the right of cross-examination; provided, however, that the School Board may take testimony of a student witness outside the presence of the student in the discipline case, the parent/guardian or their representative if the School Board determines, at its discretion, that such action is necessary to protect the student witness.
- The parties shall produce such additional evidence the School Board may deem necessary. The School Board shall be the judge of the relevance of the evidence.
- Exhibits offered by the parties may be received in evidence by the School Board and, when so received, shall be marked and made part of the record.
- The School Board may, by majority vote, uphold, reject, or alter the recommendation.
- The School Board shall transmit its written decision to the student, the parent/guardian, the principal and Superintendent, including the reasons, therefore, the length of the expulsion, the availability of community-based educational programs, alternative education programs or other educational options. The cost of any community-based educational program, alternative education program, or educational option that is not a part of the educational program offered by the division shall be borne by the parents/guardians.
- The School Board may periodically review the progress of students who have appeared before them and may place reasonable requirements or stipulations on those students who they return to a school setting. Any such stipulations will be captured in the decision letter following the appeal.

Procedure for Appealing Out-of-School Suspension for Nine Days or Less

A decision to suspend a student nine or fewer days may be appealed by the student's parent/guardian. The student may not attend school during the appeal process. Failure to file a written notice of appeal within the prescribed time will constitute a waiver of the right to appeal. A parent/guardian may appeal a suspension by an assistant principal to the principal of the school. A parent/guardian may appeal a suspension (or upheld suspension appeal) to the Assistant Superintendent in the following manner.

1. A parent/guardian shall submit a written letter of appeal to the principal of the school within two administrative working days of notification of the suspension. The parent/guardian should state specifically the reasons for the appeal and consider the following

before appealing a suspension:

- a. whether the facts warrant the suspension,
- b. if the consequences were appropriate for the behavior, and
- c. whether school and county procedures were followed.

The principal shall review the suspension, all the evidence, and render a written decision as soon as possible but within three working days. The principal may uphold the suspension, reduce the suspension, or increase the suspension.

2. To appeal further, the parent/guardian shall submit written notice to the principal, within two administrative working days of the principal's decision to uphold the suspension, requesting that the principal forward the letter of appeal and all documentation to the Assistant Superintendent. The Assistant Superintendent shall review the information, gather any additional information, or conduct a hearing if necessary, and render a written decision. The assistant superintendent may uphold the suspension, reduce the suspension, or increase the suspension. For suspensions of nine days or less, the decision of the Assistant Superintendent, as the Superintendent's Designee, shall be final.

Procedure for Appealing Out of School Suspension of More Than Ten Days or Change in Placement

The Discipline Hearing Officer may suspend a student from school in excess of ten school days or modify the student's school setting after the student and the parent/guardian have been provided written notice by the Discipline Hearing Officer. A decision which alters a student's school setting or extends out of school suspension may be appealed by the student's parent/guardian. An appeal of a suspension shall not hold the suspension in abeyance. A parent/guardian may appeal a suspension in excess of ten days to the School Board in the following manner:

1. When a student has been suspended more than ten days or whose school setting has been altered by the Discipline Hearing Officer, the student and the parent/guardian may appeal that decision to the School Board. Such an appeal must be in writing and must be filed within seven calendar days from the date of written notification of the decision to suspend in excess of ten days or to change the student's placement. The parent/guardian should state specifically the reasons for the appeal and consider the following before appealing a suspension:
 - a. whether the facts warrant the suspension,
 - b. if the consequences were appropriate for the behavior, and
 - c. whether school and county procedures were followed.

Failure to file a written appeal within the specified time will constitute a waiver of the right to appeal.

2. The School Board shall, within 30 calendar days of the decision to suspend in excess of ten days, conduct a review of the record and render a written decision.

Expulsion

The Superintendent or Superintendent's designee may recommend that a student be expelled. Recommendations for expulsion for actions other than those specified in Va. Code §§ 22.1-277.07 and 22.1-277.08 shall be based on consideration of the following factors:

- nature and seriousness of the violation; degree of danger to the school community;
- student's disciplinary history, including the seriousness and number of previous infractions; appropriateness and availability of alternative education placement or programs;
- student's age and grade level;
- results of any mental health, substance abuse, or special education assessments; student's attendance and academic records; and other matters as deemed appropriate.
- No decision to expel a student shall be reversed on the grounds that these factors were not considered, and these factors may be considered as special circumstances for the purposes of complying with Va. Code §§ 22.1-277.07 and 22.1-277.08.

The Superintendent's designee shall notify the student and the parent/guardian in writing of the following:

- proposed action and the reasons therefore; and
- the requirement that the student and the parent/guardian appear before the School Board.

If the Superintendent's designee recommends expulsion, the student shall be suspended until the School Board decides the matter. The Superintendent's designee may impose a lesser sanction. In cases involving weapons as described in Va. Code § 22.1-277.07 or drugs as described in Va. Code § 22.1-277.08, the Superintendent's designee may conduct a preliminary review of such cases to determine whether a disciplinary action other than expulsion is appropriate. If a determination is made that another disciplinary action is appropriate, then the Superintendent's designee may implement that disciplinary action so long as it is taken in accordance with procedures related to student discipline in this regulation.

Procedure for Imposing and Appealing Out-of-School Exclusions

Any student who has been suspended for more than 30 days or expelled by a public or private school in or outside of Virginia, or for whom admission to a private school has been withdrawn may be excluded from attendance from Mecklenburg County Public Schools upon written notice to the student and the parent/guardian setting forth the reasons therefore and the opportunity for a hearing before the Superintendent's designee. The decision of the Superintendent's designee shall be final unless altered by the School Board, upon a written petition filed with the Superintendent's designee by the student or the parent/guardian within five (5) days of the decision of the Superintendent's designee to exclude. Upon a timely petition, the School Board shall review the matter on the record.

- In the case of a suspension of more than 30 days, the term of the exclusion may not exceed the duration of such suspension.
- In excluding any expelled student from school attendance, the School Board may accept or waive any or all of any conditions for readmission imposed upon the student by the expelling school board. The School Board shall not impose additional conditions for readmission to school.

Upon the expiration of the exclusion period for expulsion or withdrawal of admission, a period that shall be established by the Superintendent's designee, the student may again petition the School Board for admission. If the School Board again rejects the petition for admission, the School Board shall identify the length of the continuing exclusion period and the subsequent date upon which the student may petition the School Board again for admission.

Discipline of Students with Disabilities or Students in the Comprehensive Study Referral Process

A. Definition

For purposes of this regulation, a student will be considered disabled if identified as disabled by the Eligibility Committee and not subsequently terminated from the special education program or if, prior to the date on which the misconduct occurs, there is a reason to suspect a disability.

B. Short-Term Suspension

A student with disabilities may be suspended out of school for nine days or less at a time in accordance with regular suspension procedures. The imposition of any additional short-term suspension after the first nine days cumulative in a school year must be reviewed to determine whether it will result in a change in placement. If it is found to result in a change in placement, then the discipline procedures for a suspension of greater than nine days must be followed.

The principal is to keep a tally of the total number of days of suspension received by each disabled student. When a student has accumulated more than ten (10) days of suspension in any single school year, requiring a manifestation determination review, functional behavior assessment, behavior intervention plan, reevaluation, and procedural protections. A student with a disability may be removed from the student's current educational setting for a period of time that cumulatively exceeds ten (10) school days in a school year for separate incidents of misconduct as long as the removals do not constitute a pattern. Isolated short-term suspensions for unrelated instances of misconduct may not be considered a pattern. Factors to consider in determining whether a change in placement has occurred are the length of each suspension, the proximity of the suspensions, and the total number of days suspended in a single year. If it is determined that this suspension would result in a change in placement, then the procedures in Section C for Long-term Suspension and Expulsion must be followed. In any case, once suspensions have totaled ten (10) days in a single school year, the administrator of special education in the school shall convene an IEP committee meeting to develop a functional behavioral assessment plan, create a behavior intervention plan, and determine if any modifications in the special education program or updated evaluations are required.

Customary procedures for notice of:

1. Evaluation and IEP meetings, including procedural safeguards, must be followed.
2. Suspension from the bus counts as a day of suspension if the student does not receive the services specified in the IEP during the suspension.
3. In-school suspensions count as a day of suspension if the student is not allowed the opportunity to continue progress in the general curriculum, receive the IEP services, or participate with non-disabled students to the same extent.

C. Long-Term Suspension and Expulsion

If it is proposed that a student with a disability be expelled or receive a single suspension of more than nine days at a time, the following procedures must be followed in addition to the regular suspension and expulsion procedures:

The principal shall notify the Superintendent's designee immediately of the proposed disciplinary action.

Because long-term suspensions and expulsions are a change in placement, notice of the contemplated disciplinary recommendation, the reasons for the disciplinary action, and notice of procedural safeguards must be given to the parent/guardian the same day as the recommendation for discipline is made. The notice will be considered as given if mailed first

class postage prepaid on the date the recommendation for discipline is made. The Principal or their designee is responsible for seeing that these notices are given.

A functional behavior assessment plan must be developed at an IEP meeting held within ten (10) business days of the recommendation for discipline. A behavior intervention plan is developed or reviewed as soon as practicable after the completion of the functional behavior assessment. If an evaluation is required to conduct the functional behavior assessment, written permission from the parent/guardian will be required. The timeline for concluding the functional behavior assessment should be established during the IEP meeting.

The Manifestation Review Committee composed of the members of the IEP Committee and other qualified individuals must be convened within ten (10) school days of the recommendation for a long-term suspension or expulsion. The committee should be composed of members familiar with special education or the student. At least one or more members of the committee must be knowledgeable about the student.

The following typically serve as members of the committee and additional members may be appointed by the Principal or their designee:

- principal and/or principal designee
- student's special education teacher
- school psychologist
- school social worker
- parent or legal guardian
- student's regular education teacher

The parent/guardian is to be notified of the manifestation review meeting and invited to participate. The Principal or their designee shall be responsible for notifying the parent/guardian of the time, date, place, and purpose of the meeting and must identify the individuals who will be attending the meeting. Accommodations in the scheduling should be made to permit the parent/guardian to attend, although timelines must be met. Documentation of efforts to notify the parent/guardian shall be maintained. If the parent/guardian declines to attend or fails to attend after having been given notice, the committee may meet without them. The parent/guardian may have representation during the meeting at his or her own expense if desired.

The committee is to consider all relevant information including evaluation and diagnostic results, information supplied by the parents/guardians, observations of the student, the student's IEP, placement, and records. The committee will then decide whether the misconduct is a manifestation of the disability.

Minutes of the meeting shall be maintained. The minutes shall include those attending, the information considered, the consensus of the committee, and the rationale for the decision.

The Principal or their designee shall give written notice to the parent/guardian of the committee's decision and of procedural safeguards including the right to contest the committee's decision through a due process hearing.

If the committee determines that there is **no manifestation**, the student may be considered for a long-term suspension or expulsion through regular disciplinary procedures. The student still must be provided with a free appropriate public education, although in another setting.

If the committee determines that there **is a manifestation**, the student may not receive a long-term suspension or expulsion. The student may still be suspended for a maximum of ten (10) days for this offense by following the short-term suspension requirements for students with disabilities.

The student may not be suspended from school for more than ten (10) days while the manifestation committee process is being followed unless the parent/guardian gives permission for a longer suspension or for a change in placement that may be homebound instruction. In the absence of parental/guardian consent, authorization for a longer suspension or change in placement may be sought from the court or from a hearing officer. Students with disabilities (1) who bring weapons to school or possess weapons on school premises or at a school function or (2) knowingly possess or use illegal drugs or sell or solicit the sale of a controlled substance while at school or a school function may be removed from school for 45 calendar days. A student in these circumstances may be placed in an interim alternative education program without parental/guardian consent and regardless of whether the misconduct is a manifestation of the student's disability. This unilateral authority to remove the child from their IEP placement does not limit the authority of the administrator to recommend appropriate discipline.

While proceedings are pending to contest the imposition of discipline, and except as provided above, the student must remain in his or her current educational placement.

In those cases where the handling of discipline is specified in the student's IEP, the IEP's provisions shall supersede this regulation.

If prior to the misconduct occurring there is knowledge by the school that the student has a disability but has not yet been identified, the student is entitled to assert the protections afforded to identified students with disabilities.

A student, who is referred for identification as disabled after disciplinary measures are taken and for whom there was no knowledge of a disability prior to the misconduct occurring, is subject to the same disciplinary procedures as students without disabilities. The student is entitled to an expedited evaluation. Special education and related services will be provided if the student is found to be eligible. The manifestation review decision and the educational services provided to a student with disabilities while disciplined may be challenged in a due process hearing under applicable special education laws.

Appendix E: Academic Dishonesty (Cheating)

Academic Dishonesty encompasses, but is not limited to, the following:

- Attempted cheating
- Willful giving or receiving of an unauthorized, unfair, dishonest, or unscrupulous advantage in school work over other students. Some examples are: deception; the use of talking, signs, or gestures during a quiz or test; copying from another student or allowing another student to copy; passing test or quiz information to members of another class period; improper use of electronic devices, study aids, notes, books, tutors, data or other information.

Plagiarizing encompasses, but is not limited to, the following:

- Presenting as one's own, the works or opinions of someone else without proper acknowledgement through documentation and bibliography/works cited page
- Borrowing of the sequence of ideas, the arrangement of materials, or the pattern of thought of someone else without proper acknowledgement.

Teachers will:

- Take immediate action when cheating or plagiarism is discovered. These actions may include:
 - Counseling the student, and working together to establish consequences such as
 - Reducing the grade or score on the assignment or examination, possibly to zero.
 - Allowing the assignment to be redone, or the examination retaken under a strict time limit, but with a maximum of 63 points (out of 100) available.
 - Reporting the violation to the student's counselor and administrator as well coaches and activity sponsors as appropriate.
 - Contacting the student's parents. One suggested method: The teacher might tell the student to notify their parents and request that the parent call the teacher within 24 hours. If the teacher is not called, then the teacher calls the parents. This procedure puts the responsibility on the student to converse with the parent; such discussions may serve as a deterrent to further violations.
 - Specify the types of collaboration that are discouraged and those that are encouraged, so students will fully understand the difference between cheating or plagiarism and appropriate collaborations on joint projects. This also includes the appropriate times to use outside resources such as electronic devices, tutors, etc. for assistance and the appropriate times to work independently.
 - Teach or review correct use of documentation when assigning work.
 - Review the Code of Academic Integrity during the first week of the school year. Teachers are encouraged to review periodically the Code of Academic Integrity as related to a specific discipline and perhaps include a version of the code (to be signed by students) on the top of all major papers.

Administrators will:

- Ensure that all faculty, students and parents have knowledge of the Mecklenburg Middle School Code of Academic Integrity.
- Create a school-wide environment that encourages adherence to the Code of Academic Integrity. Encourage teachers to enforce the Code of Academic Integrity.

- Along with counselors, maintain cumulative records of reported violations of the Code of Academic Integrity.
- Facilitate Code of Academic Integrity violations conferences among the student/parent/teacher/counselor when follow-up action is appropriate.

MECKLENBURG COUNTY PUBLIC SCHOOLS – 2023-2024

Appendix I : MCPS Transportation

Standards of Conduct for Students Riding Buses

Please read Standards of Conduct for Students Riding School Buses with your child. It is important that you and your child understand the standards covering appropriate conduct while riding a bus whether for regular home-to-school service or for other activities.

SIGN THE PARENT AND/OR GUARDIAN SIGNATURE SHEET LOCATED IN THIS BOOKLET AND RETURN TO THE PRINCIPAL, who will retain it on file. If a student is unable to read these instructions, the parent's or guardian's signature will indicate that this regulation has been explained to the student.

STANDARDS

Acceptable classroom standards of conduct shall be expected of bus passengers and drivers shall ensure that pupils observe regulations at all times. Among other things, students shall not smoke, yell, scream, swear, push, fight, bully, or take advantage of any other student; extend hands, arms, or heads or objects from bus windows; carry on the bus any drugs, weapons, water pistols, live reptiles, animals, insects, or oversized items (including school instruments) that would block an aisle, cause loss of passenger seat space, obstruct the driver's view, or create a safety hazard.

DISCIPLINE

A driver may temporarily issue an assigned seat for disciplinary purposes in response to student safety. A driver may recommend suspension of bus transportation for a pupil who will not heed the driver's warning as to behavior. The principal shall take final action in such cases. During a period of suspension, the School Board shall not be responsible for transporting the pupil to school. A driver may not remove a child from the bus or refuse transportation to a child on a bus without proper authorization by the principal, except in cases in which the safety of pupils is jeopardized. The principal shall be notified of such extreme cases immediately. Drivers shall report all disciplinary cases to school principals on form TR-12. Vandalism of the bus may be cause for disciplinary action. Video cameras and audio recorders may be in use.

MEETING THE BUS

Students Must:

- Be at their bus stops at least five minutes before the regular pickup time, but no earlier than ten minutes before the pickup time. Remain at the stop until buses arrive. Be picked up and released at their designated (assigned) bus stops.
- Demonstrate appropriate conduct at the bus stops including proper care for private property at that location.
- Not stand on the traveled portion of the roadway or parking lot while waiting for the bus or engage in play or other activities that will endanger themselves or their companions or possessions while waiting beside the road.
- Not approach a bus arriving at the bus stop until it has come to a complete stop with the entrance door open.

- Not run alongside a moving bus. Wait to cross a traveled portion of the roadway, or to board a bus, until the bus is stopped and other vehicles approaching or following the bus have stopped. The bus driver will signal students to cross a roadway when it is safe to do so.
- Report any illness or injury sustained on or around the bus immediately to the driver.
- Follow the directions of safety patrols who are assigned to a bus stop or a bus. Safety patrols help bus drivers and work under the direction of the school sponsor and the bus driver.

CONDUCT ON THE BUS

Students Must:

- Recognize that the bus driver is the authority on the bus and obey and be courteous to them and fellow students.
- Go directly to a seat and remain seated unless otherwise directed by the driver.
- Not tamper with the emergency door.
- Not slap others or wave or shout at pedestrians or other vehicles.
- Not throw objects about the bus or from a window (or throw objects at the bus from outside).
- Carry onto bus only unbreakable objects that can be safely held in the pupil's lap.
- Not share, sell, or consume food or beverages.
- Not talk on the cell phone, except in the case of an emergency situation.
- Present written request from parents or guardians, subject to approval of school principal, to go home on an alternate route.

LEAVING THE BUS

Students Must:

- Remain seated until the bus comes to a full stop.
- Exit the bus in an orderly manner.
- Leave the bus stop area only when safety permits; that is, when crossing a roadway, cross at a distance of approximately ten feet from the front of the bus after the driver signals it is safe to do so.

Parents or guardians are encouraged to walk with students to and from bus stops or school. Special education students and students in designated programs must be met at the bus by responsible adults. Kindergarten students riding the afternoon school buses will be returned to school unless they are met at the bus door by a parent, a guardian and/or caregiver, or sibling, middle school or higher and asked for by name.

APPENDIX J: Student Searches

Search and Seizure (School Board Policy JFG)

A search involves an invasion of privacy. Whether a search of a student is permissible depends on a balancing of the student's right to privacy and freedom from unreasonable search and seizure against the school division's responsibility to protect the health, safety and welfare of all persons in the school community and to carry out its educational mission. To maintain order and discipline in the schools and to protect the health, safety and welfare of students and school personnel, school authorities may search a student, student belongings, student lockers or student automobiles under the circumstances outlined below and may seize any illegal, unauthorized or contraband materials discovered in the search.

As used in this policy, the term "unauthorized" means any item dangerous to the health or safety of students or school personnel, or disruptive of any lawful function, mission or process of the school or any item described as unauthorized in school rules available beforehand to the student.

The locations at which searches of students and student property may be conducted are not limited to the school building or school property. Searches may be conducted wherever the student is involved in a school-sponsored function.

PERSONAL SEARCHES

A student's person and/or personal effects (e.g. purse, book bag, etc.) may be searched by a school official whenever the official has reasonable suspicion to believe that the student has violated or is about to violate the law or a school rule and that the search will yield evidence of the violation.

All individual searches of students must be based on reasonable suspicion. In order to be permissible, the search must be:

- justified at its inception and
- reasonably related in scope to the circumstances justifying the search.

An individual search is justified at its inception when a school official has reasonable grounds, based on the totality of the known circumstances, for suspecting that the search will reveal evidence that the student has violated or is violating either the law or the rules of the school. A search is reasonable in scope when it is reasonably related to the objectives of the search and is not excessively intrusive in light of the age and sex of the student and the nature of the suspected infraction.

A personal search may include requiring a student to be scanned with a metal detector.

A pat down search of a student may only be conducted if a school administrator has established a high level of reasonable suspicion that evidence will be found to corroborate suspicion that a law or school rule has been broken. If a pat down search of a student's person is conducted, it will be conducted in private by a school official of the same sex and with an adult witness of the same sex present.

Strip searches involve an extreme intrusion into the rights of a student and may only be conducted when an extremely serious situation exists requiring immediate action because of an

imminent threat of death or great bodily injury to a person or persons. If a strip search is necessary the school official should contact the appropriate law enforcement official, and the search should be conducted by a sworn law enforcement officer of the same sex, in the presence of a same sex adult witness. School officials may only conduct a strip search in cases where it is necessary to avoid the imminent threat of death or great bodily injury to the student or another person. If a strip search must be conducted by a school official, it must be by a same sex official with a same sex adult witness, and the school official must have the prior approval of the superintendent or superintendent's designee, unless the health or safety of the student is endangered by the delay.

LOCKER AND DESK SEARCHES

Student lockers and desks are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers and are responsible for the content of their assigned locker at all times. Periodic general inspections of lockers and desks may be conducted by school authorities for any reason at any time without notice, without student consent and without a search warrant.

AUTOMOBILE SEARCHES

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of student parking lots and inspections of the exteriors of student automobiles on school property. The interiors of student vehicles may be inspected whenever a school official has reasonable suspicion to believe that the student has violated or is about to violate the law or a school rule and that the search will yield evidence of the violation, or that illegal or unauthorized materials or other evidence of illegal or otherwise prohibited activities are contained inside the automobile. Such patrols and inspections may be conducted without notice, without student consent and without a search warrant.

COMPUTER SEARCHES

The school computer system, as defined in Policy GAB/IIBEA Acceptable Computer System Use, is school property. Students are only authorized to use the school's computer system and other similar educational technology consistent with the educational mission of the school and in accordance with Policy GAB/IIBEA Acceptable Computer System Use. School officials may search school computers, software and internet access records at any time for any reason and without student consent.

CONSENT SEARCHES

If a student gives a school official consent for a search the school official does not need to demonstrate reasonable suspicion. A student's consent is only valid if given willingly and with knowledge of the meaning of consent. Students should be told of their right to refuse to be searched, and students must not perceive themselves to be at risk of punishment for refusing to grant permission for the search.

SEIZURE OF ILLEGAL MATERIALS

If a properly conducted search yields illegal or contraband materials, such findings shall be turned over to proper legal authorities for ultimate disposition.

Required Notifications

Asbestos Identification

Each school division must annually notify parents, employees and other building occupants about asbestos inspections, response actions, and post-response action activities, including periodic reinspection and surveillance activities that are planned or in progress. 40 C.F.R. 763.84(c).

Re: Asbestos Identification and Notification (ASHERA Public Law 99-510) (40 CFR Part 763)

This memo is to provide notification and identification of the presence of asbestos in Chase City, Clarksville, and La Crosse Elementary School.

On October 22, 1986, President Reagan signed into law the Asbestos Hazard Emergency Response Act (ASHERA, Public Law 99-519). The law required the EPA to develop regulations that provide a comprehensive framework for addressing asbestos problems in public and private elementary and secondary schools. On October 30, 1987, EPA published the Asbestos-Containing Materials in Schools Rule (40 CFR Part 763 Subpart E). This new rule requires all public and private elementary and secondary schools to be inspected for friable and non-friable asbestos, develop asbestos management plans, and implement response actions in a timely fashion.

To carry out the above activities involving inspections, management plans, and response actions, the Mecklenburg County School employed an accredited Asbestos Inspection firm, Industrial Training Company, of Richmond, Virginia, to prepare our Management Plan as determined by ASHERA, Public Law 99-519.

Each elementary school has been tested for asbestos. Results of those tests have shown that there is some asbestos present in Chase City, Clarksville, and LaCrosse Elementary schools. The Management Plan, which includes laboratory reports, is available at the school. The Management Plan and documentary data have also been filed with the Virginia Department of Education, Energy, and Facilities Services. Questions regarding any of this data may be addressed at the school.

Availability of School Division Policies and Regulations

Each division must make an annual announcement at the beginning of the school year advising the public that current copies of all division policies and regulations are available on the division's website.  - an explanation that the information on the application may be verified at any time during the school year
 - how a household may apply for benefits at any time during the school year as circumstances change
 - a statement to the effect that children having parents or guardians who become unemployed are eligible for free or reduced price meals or for free milk during the period of unemployment if the loss of income causes the household income during the period of unemployment to be within the eligibility criteria

- a statement to the effect that in certain cases foster children are eligible for free or reduced price meals or free milk regardless of the income of the household with whom they reside and that households wishing to apply for such benefits for foster children should contact the school
- the statement: "In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age or disability"

Eating Disorders

Dear Parent of Students in Grades Five through Twelve:

Eating disorders are serious health problems that usually start in childhood or adolescence and affect both girls and boys. With early diagnosis, eating disorders are treatable with a combination of nutritional, medical, and therapeutic supports. Recognizing the importance of early identification of at-risk students, the 2013 Virginia General Assembly passed a law requiring each school board to provide parent educational information regarding eating disorders on an annual basis to students in the fifth through twelfth grades.

It is important to note that eating disorders are not diagnosed based on weight changes as much as behaviors, attitudes, and mindset. Symptoms may vary between males and females and in different age groups. Often, a young person with an eating disorder may not be aware that he/she has a problem or keeps the issues secret. Parents/guardians and family members are in a unique position to notice

symptoms or behaviors that cause concern. Noting behaviors common to people with eating disorders may lead to early referral to the primary care provider. It is important for eating disorders to be treated by someone who specializes in this type of care.

After reviewing the information on the reverse side of this letter, if you think your child may be showing signs of a possible eating disorder, please contact your primary health care provider, school nurse, or one of the resources listed below.

Each parent of a student shall sign and return to the school in which the student is enrolled a statement acknowledging the receipt of the school board's standards of student conduct, the notice of the requirements of this section, and the compulsory school attendance law. Each school shall maintain records of such signed statements.
- D. The school principal may request the student's parent or parents, if both parents have legal and physical custody of such student, to meet with the principal or their designee to review the school board's standards of student conduct and the parent's or parents' responsibility to participate with the school in disciplining the student and maintaining order, to ensure the student's compliance with compulsory school attendance law, and to discuss improvement of the child's behavior, school attendance, and educational progress.

The notice shall state (i) the date and particulars of the violation; (ii) the obligation of the parent to take actions to assist the school in improving the student's behavior and ensuring compulsory school attendance compliance; (iii) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials; and (iv) that a petition with the juvenile and domestic relations court may be filed under certain circumstances to declare the student a child in need of supervision.
- F. No suspended student shall be admitted to the regular school program until such student and their parent have met with school officials to discuss improvement of the student's

 - b. If the court finds that a parent has willfully and unreasonably failed to accompany a suspended student to meet with school officials pursuant to subsection F, or upon the student's receiving a second suspension or being expelled, it may order the student or their parent, or both, to participate in such programs or such treatment, including, but not limited to, extended day programs, summer school, other educational programs and counseling, as the court deems appropriate to improve the student's behavior or school attendance. The order may also require participation in parenting, counseling, or a mentoring program, as appropriate or that the student or their parent, or both, shall be subject to such conditions and limitations, as the court deems appropriate for the supervision, care, and rehabilitation of the student or their parent. In addition, the court may order the parent to pay a civil penalty not to exceed \$500.
- H. The civil penalties established pursuant to this section shall be enforceable in the juvenile and domestic relations court in which the student's school is located and shall be paid into a fund maintained by the appropriate local governing body to support programs or treatments designed to improve the behavior of students as described in subdivision G 2. Upon the failure to pay the civil penalties imposed by this section, the attorney for the appropriate county, city, or town shall enforce the collection of such civil penalties.
- I. All references in this section to the juvenile and domestic relations court shall be also deemed to mean any successor in interest of such court.

- B. Each local school board shall develop policies for excusing students who are absent by reason of observance of a religious holiday. Such policies shall ensure that a student shall not be deprived of any award or of eligibility or opportunity to compete for any award, or of the right to take an alternate test or examination, for any which he missed by reason of such absence, if the absence is verified in a manner acceptable to the school board.

Student Name (Print) _____

Teacher Name (Print) _____ Grade _____

This handbook has been drawn up to help your son/daughter gain the greatest possible benefit from their school experience. Parents/guardians have the responsibility for the actions of their children and should be involved in the education of their children. Students are responsible to be an active part of their school safety through involvement in the reporting of potential violent acts. All students will sign annually when they have reviewed the Student Handbook. The teacher or administrator will house the signature sheet.

Parent(s)/guardian(s) need to become involved in the education of their children and have the responsibility to provide the school with the current emergency contact person and/or telephone numbers. They also have the responsibility to notify the school of anything (such as medical information) that may affect their child's ability to learn, to attend school regularly, or to take part in school activities. Parents should take special notice of the Attendance section of this document as well as the Suspension and Expulsion provisions, which are in accordance with School Board Policy.

The school system must have proof that every student and every parent/guardian has had a chance to review the Student Handbook. Signed acknowledgement must be part of every student's record. Your signature means that you have received information about the Student Handbook and have been made aware of how to electronically access the Student Handbook at www.mcpsweb.org (It does not mean that you agree or disagree with them.)

Failure to return this acknowledgement will not relieve a student or the Parent(s)/Guardian(s) from responsibility to know the contents of the Student Handbook and will not excuse the student's noncompliance with the Handbook. Contact your local Principal or the MCPS Central Office if you have questions or concerns.
